

"WETS" AND "DRYS" BATTLE IN HOUSE

Temperance and Liquor Forces Appear to Be Completely Deadlocked

KILL SEVEN MEASURES

Consideration of Remaining Wet and Dry Bills is Postponed In- definitely and Bills Tabled

CONFIRM APPOINTMENTS

SPRINGFIELD, Ill., May 5.—"Wets" and "drys" today waged an all day battle on the floor of the lower house of the legislature with the result that all wet and dry legislation pending before that body was either killed or tabled. The temperance and liquor forces appeared to be completely deadlocked.

Leaders appear satisfied. The drys of both sides tonight appeared to be well satisfied with the outcome. Speaker Shanahan announced that no further wet or dry bills originating in the house will be considered by that body this session. The opinion tonight seemed to be that no wet or dry legislation can be passed at this session.

Early in today's voting dry leaders came to the conclusion that it would be disastrous for them to call up their county option bill and that measure was not brought to a roll call. The drys hope to pass the county option bill in the senate and then bring it to the house.

Wet leaders were so well satisfied with the action of the house on dry measures that they did not call up their bill providing for a home rule for municipalities in the matter of Sunday school closing.

Defeat Seven Measures. Only seven of the twelve wet and dry bills on the calendar were acted upon. Following is the vote in which they were defeated:

The drys residence district bill 69 to 78.

The drys anti-treating bill 54 to 81.

The wet's bill prohibiting foreigners from owning saloons 71 to 20.

The dry's bill making the third offense of bootlegging a penitentiary instead of a jail offense 62 to 73.

The dry's search and seizure bill 66 to 79.

The dry's bill providing for a jail sentence for the sale of liquor on Sunday, 63 to 77.

The dry's bill prohibiting the sale of liquor within five miles of the naval training station at Lake Bluff, 65 to 72.

Table Remaining Bills. After the six dry and one wet bills had been defeated, Representative George H. Wilson of Quincy, floor leader for the drys moved that consideration of all remaining wet and dry bills be postponed indefinitely and that the bills be tabled. The motion was carried by an unanimous vote, thereby tabling four dry bills and the wet's home rule bill.

By a unanimous vote, members of the house public utilities committee tonight voted out tonight without recommendation the O'Rourke bill increasing the passenger fare rate in Illinois from two to three and one-half cents per mile. The committee acted after it had heard Elliott H. Ahearn of Chicago who represented the traveling men of the state in opposition to the bill. Mr. Ahearn declared that the traveling men of the country, 400,000 strong are opposed to the bill.

Hear Objections to Bill. Employers of labor presented their side of the minimum wage proposition before a joint committee on labor and to a subcommittee on industrial affairs tonight. Although nearly a dozen employers wanted to be heard in opposition to the minimum wage commission bills Attorney Dudley Taylor was kept before the meeting more than two hours, answering questions and explaining the attitude of the employers toward the proposition.

Attorney Taylor, representing the Associated Employers, took the position that to precede any action for success has been established and for this reason the Illinois employers were in favor of waiting until the outcome of the experiment in other states was realized before following their action. In several states he said, the minimum wage commissions already were confronted by situations which they frankly admitted staggered them.

Prepare F. and M. Bill. Another foot and mouth appropriation bill, carrying more than \$100,000, has been prepared by the house appropriations committee and will be introduced tomorrow. The measure is a companion to the bill carrying approximately \$1,000,000 for the payment of stock raisers for losses caused by the slaughter of cattle in the efforts to rid the state of the foot and mouth contagion.

Engineering problems which have been holding up the passage of Governor Dunne's deep waterway bill, providing for the construction of an eight foot channel connecting the Illinois river, were partly solved today when the Marseilles land and

GERMANS VICTORIOUS IN EAST AND WEST

CLAIM SUCCESSES OVER RUSSIANS IN WESTERN GALICIA

Report Also States British to the East of Ypres are Driven Back—English and French State Prisoner Attacks Were Repulsed.

London, May 5.—(11:10 p. m.) The German official report issued this afternoon claiming victories both over the Russians in western Galicia and over the British to the east of Ypres in Flanders, Field Marshal Sir John French, the British commander-in-chief, has admitted that he was compelled to readjust his lines in the region of Ypres, but the French communication, far from confirming a German victory in Belgium, states that the German attacks were repulsed and that the Germans being taken on the flank by French artillery, suffered very severely.

States Germans Were Repulsed.

A late report from the British war office also says that German attacks were repulsed although the Germans used asphyxiating gases and did get a footing by the use of these fumes on Hill No. 60, southeast of Ypres which, since the British captured it recently, has been repeatedly attacked. There has been fighting all along the rest of the western front in all of which the Germans claim to have been successful. The French, however, have another story to tell. They insist that their advance continues both along the Yser canal, in Flanders and in the Waere where battles have been continuous for weeks on end.

Conflicting reports from the belligerents in the east make it impossible to quite judge of the position there. The Austrians and Germans tonight say that the Russians have been badly beaten in western Galicia and have commenced to retire from the western Carpathians where as the latest Russian report, while admitting that the Austro-Germans succeeded in getting across the Donets river declares that they were checked there.

Russ Attack on Germans.

The country around the east Prussian frontier also has been the scene of battles of more or less importance, while at the other end of the Russian line, in eastern Galicia, the Russians are attacking the Austro-Germans despite their reported defeat or check in the western part of that province. Athens credits the allies with further successes in their attacks on the Dardanelles and Smyrna, but the Turks again report the defeat of allied troops who have landed on the Gallipoli peninsula.

The German submarines seemingly now are devoting their attention to the British fishing fleet. Fifteen trawlers have been sunk since Sunday night but without any loss of life.

SEVERAL TRAINMEN INJURED.

Memphis, Tenn., May 5.—Several trainmen were injured tonight, one probably fatally, when a light engine collided with an eastbound St. Louis, Iron Mountain & Southern passenger train near Grassy Lake, Ark., 20 miles from Memphis. None of the passengers was seriously hurt.

Power company practically agreed to let the state build its channel through its property at Marseilles. Several years ago the Marseilles Land and Power company obtained a perpetual lease to the water rights at Marseilles. As drafted, Governor Dunne's waterway bill provided that the proposed waterway channel leave the Illinois river directly above the Marseilles Power company's site and go around it by way of the Illinois and Michigan canal.

Consent of the company to allow the state use of the river at this point will mean the saving of more than \$1,000,000.

Vote Unfavorable Recommendation. The house committee on education today voted to report out the recommendation that it do not pass the bill which would repeal the act to provide by state tax for a fund for the maintenance of the University of Illinois.

The house today sent the resolution providing for an amendment to the amending clause to its final grave. The vote on the resolution was 92 to 37, ten short of the two thirds vote necessary for passage.

The initiative and referendum was defeated in the senate this afternoon when the senate joint resolution offered by senator Woodward of Franklin county, received only twenty two votes on roll call. A two thirds vote of 24 was required for passage. Two years ago this same resolution was adopted by the senate by a practically unanimous vote.

Pigs Joint Resolution.

Sitting in executive session the senate late today confirmed the appointment of the members of the public utility commission, members of the state livestock commission and other recess appointments made by Governor Dunne. A joint resolution memorializing congress to adopt legislation to prevent floods along the Mississippi was passed by the house today. A resolution to be introduced by both houses of congress, a petition and a bill providing for the erection of a statue of General U. S. Grant on the Capital grounds in Washington were laid before the senate today and referred to the appropriations committee.

REPORTS STATES GULFIGHT WAS TORPEDOED WITHOUT WARNING

Preliminary Reports Leave Officials in Doubt Only as to the Nationality of the Submarine Which Committed the Attack.

Washington, May 5.—Preliminary reports received by the state department today stating that the Steamer Gulfight was torpedoed without warning and was flying the American flag left officers still in doubt only as to the nationality of the submarine which committed the attack. Ambassador Page at London reported that he had set in motion a detailed investigation. He sent a naval attaché and a naval constructor to make a technical examination of the vessel. Consul General Skinner and his subordinates have been instructed by the ambassador to take depositions and statements from officers and members of the crew of the Gulfight. In the meantime, Ambassador Gerard has asked the German government for such information as it may have on the subject.

The facts probably will not be available for several days and until then no decision will be reached by the United States government as to the nature of the representations it will make.

It is thought in German quarters that if the German government learns that one of its submarines by mistake did attack the Gulfight, regret will be promptly expressed for the occurrence. Officials here are inclined to the belief that whatever facts are disclosed by the investigation will lead not only to an amicable adjustment of the Gulfight incident but the exercise of greater precautions by the German submarine commanders in the future.

DECLINES SUGGESTION THAT PRIZE COURT PASS ON INDEMNITY

State Department Makes Public Text of German Note Claim for Indemnity for Loss of Frye.

Washington, May 5.—By mutual agreement with the German foreign office, the state department today made public the text of its reply to Germany's note concerning the claim of the United States for an indemnity to the owners of the American ship William P. Frye, sunk by the Prinz Eitel Friedrich.

The American communication takes note of that fact that Germany accepts liability for the act under the treaty of 1828 between the United States and Prussia but declines the suggestion that a German prize court pass on the legality of the capture and destruction under the declaration of London, the standing of the claimants and the amount of indemnity.

Pointing out that the United States early in the present has announced that it would not be bound by the Declaration of London because it had not generally been ratified, the note asserts that the standing of the claimants and the amount of indemnity lend themselves to diplomatic negotiation and suggests that the German embassy in Washington be authorized to deal with the matter.

ALLIES' ATTEMPTS TO LAND TROOPS AT GABA TEPE FAIL

CONSTANTINOPLE, May 5, via London.—(7:35 p. m.)—The Turkish war office gave out the following statement today:

"An attempt of the enemy to land troops near Gaba Tepe, south of Avl Burnu yesterday, failed.

"The night before last our troops attacked Seddul Bahr, in spite of a bombardment by the enemy's fleet, and drove them out of their trenches, capturing three machine guns.

"Yesterday the Russian fleet unsuccessfully bombarded the undefended village of Ighneaden."

TESTIFY RONALDS TOLD FRIENDS HIS HOME HAD BEEN BROKEN UP

MATTOON, Ill., May 5.—Testimony that Dr. Harold Ronalds had told friends his home had been broken up and that he intended sending his wife away, was given here today by Mrs. C. O. Purcell at the trial of Dr. Ronalds on the charge of murdering his wife last New Year's eve.

Mrs. Purcell, who with her husband attended a party at the Ronalds' home the night preceding Mrs. Ronalds' death, said Dr. Ronalds told her he would send his wife away the following day.

LACK OF RAIN IS STILL BADLY FELT IN SOUTHEASTERN STATES

Washington, May 5.—Drought in the northwestern states which had caused some damage to crops was relieved partially during the past week, but lack of rain still is badly felt in the southeastern states, today's national weather and crop bulletin announced. In the greater portion of the winter wheat growing sections the weather favored rapid development and that crop is reported in good condition. Spring wheat seeding is nearing completion and the early sown is making excellent growth.

Corn planting is progressing satisfactorily in all central districts and preparations are underway in northern sections. The soil is in good condition except over the eastern districts and the southern states east of the Mississippi river. Considerable replanting is necessary southwest.

War News Summarized

The extent of the Austro-German victory in Carpathians is indicated in the German official communication, in which the statement is made that the third fortified line of the Russians has been pierced by the Teutonic allies; that the Russians are beginning to evacuate positions on their northern flank, southwest of Dukla and that the Russian prisoners taken number more than 30,000.

The Russian official statement says that the fighting in Galicia between the Vistula and the Carpathians is characterized by great stubbornness, that the Germans have brought up fresh forces of great strength to the fighting line with much artillery and that the Germans attacking in massed formation are suffering "enormous losses."

In the western theatre an attack on Hill No. 60, to the south of Ypres, held by the British, was partially successful, an official communication from the British war office saying that "the Germans attained a footing (there) under the cover of poisonous gases, which were excessively used and were favored by weather conditions."

Other attacks by the Germans were repulsed both by British and by the French at various points along the front.

Ten British trawlers have been sunk by German submarines during the past 24 hours, bringing the total since Sunday up to fifteen. Many of the trawlers made an effort to escape and as a matter of fact some did escape reaching port in safety.

Official information respecting the operations in the Dardanelles is being withheld, possibly until some progress of striking importance has been made. Meanwhile it is generally expected that the Turkish army has suffered very heavy losses both from the guns of the fleet and at the hands of the allied forces ashore.

GERMAN SUBMARINE TORPEDOES TRAWLER SCEPTRE; CREW IS SAVED

Brings Total Number of Trawler Victims Since Sunday up to Fifteen.

London, May 5.—(10:30 p. m.)—To the nine trawlers, the sinking of which German submarines was reported today, another victim was added tonight. A Norwegian steamer landed this evening the crew of the trawler Sceptre, which was torpedoed forty miles off Peter Head.

This brings the total number of trawler victims of German underwater boats since Sunday up to fifteen. The submarines seem to be making a determined effort to prevent England from procuring fish in the North Sea. None of the trawlers, according to the stories told by their crews, surrendered while they had the slightest chance to escape. Generally the fishermen did not take to their boats until bullets or shells were flying about them. Despite these statements no loss of life among the crews of the trawlers has occurred.

The men say that after they had given in to the Germans they were usually treated kindly by the submarine commanders. In one case the skipper of a trawler was taken on board a submarine and complimented in English by the commander for having made "a good run of it."

Several trawlers which were challenged by submarines made their escape by putting on full head of steam and outfooting the Germans.

EFFORT TO BREAK DOWN STORY OF COLEMAN GIRL UNSUCCESSFUL

Maid Repeats Testimony She Gave at the First Trial of Mrs. Carman Will Be Further Cross-Examined Today.

Minneapolis, L. I., May 5.—Cecilia Coleman, maid, who testified at the first trial of Mrs. Dr. Carman today, Miss Coleman was a maid in the Carman home.

The jury disagreed in the first trial last fall. The Coleman girl, conceded to be the prosecution's chief witness, was under direct examination only ten minutes the remainder of the time being consumed by Mrs. Carman's counsel in an unsuccessful effort to break down her story. On direct examination the maid repeated the testimony she gave at the first trial that Mrs. Carman had told her that she had killed "him" meaning Dr. Carman and reiterated other details.

She testified that Mrs. Carman came to her room the next morning and asked her not to say anything about the shooting.

The Coleman girl was the last witness of the day. She will be further cross-examined tomorrow when the state expects to finish its case.

OPPOSE ADVANCE OF RATES, FREIGHT RATE INCREASES PROPOSED

Chicago, May 5.—Advance in freight rate on livestock one of the commodity rate increases proposed by forty one railroad systems was opposed today at the rate hearing by witnesses from widely separated districts.

Comparative figures were presented by Walter Conrad, rate clerk of the Iowa railroad commission to show that western freight rates on livestock are higher than eastern rates on the same commodity.

UPHOLDS REFUSAL TO ALLOW ENTRANCE OF FIGHT FILMS

Judge Holds Act of Congress Barring Willard-Johnson Fight Pictures Constitutional.

Jersey City, N. J., May 5.—The action of Frederick E. Freed, collector of the port of Newark, N. J., in refusing to allow the entrance of photographic films of the Willard-Johnson fight at Havana was upheld by Federal Judge Thomas Haight, of the United States district court here today. Judge Haight denied the application of T. Lawrence Weber for an injunction to restrain the collector from interfering with Weber in entering the films through the Newark custom house. The application was made upon the allegation by Weber's counsel that the act of congress under which the films were barred is unconstitutional because congress exceeded its powers as defined in the commerce clause.

The judge held the act to be constitutional. Counsel for Weber stated that Judge Haight would sign appeal papers so that the appeal would come before the United States circuit court of appeals in Trenton Monday. If the appeal is unsuccessful then another appeal will be taken to the United States supreme court the attorney said.

WESTINGHOUSE ELECTRIC CO. ANTICIPATES IMPROVEMENT

Ask Permission to Raise Additional Capital When Necessary.

New York, May 5.—In anticipation of business improvement directors of the Westinghouse Electric and Manufacturing company which recently received large orders from foreign governments, have asked for permission to raise additional capital when necessary by the sale of stock. To that end it requests the bond holders to approve a change in the company's indenture, which now prohibits such action.

Should the bond holders consent it is proposed to issue new convertible bonds or stock, with redemption rights to holders of existing convertible 5 per cent bonds. The latter were strong today, gaining over five points, while the stock lost all and more of its early rise.

In the circular to the shareholders the directors state that the company will not require additional capital for its present volume of business or for any increase expected in the near future having made adequate provision for present emergencies.

BEGIN ORGANIZATION OF LAW AND ORDER LEAGUE IN DANVILLE

Action Follows Statement of Mayor That He Will Not Interfere With Saloons That Have Resumed Business Without Securing Licenses.

Danville, Ill., May 5.—Following an interview today between Mayor W. C. Lewman and delegation from the Danville Ministerial association the mayor said he would not interfere with the score or more saloonkeepers who have resumed business without having secured licenses, the organization of a law and order league was begun.

Prosecutions will follow later, the "dry" leaders declared.

The mayor said the saloonkeepers who deposited \$800 each with the city clerk and received receipts therefore conditioning their acceptance upon the council authorizing the issuance of licenses, had "paid their licenses and were legally entitled to resume business."

City Clerk Torrence continues his refusal to issue licenses until authorized by the city council and both sides are preparing for a big legal battle. Impeachment of the mayor is threatened by the "drys," but as it requires a two-thirds vote of the council and they have but a bare majority, it probably will not be attempted.

STATES VILLA WOULD WELCOME AN ATTACK FROM THE ENEMY

SAN ANTONIO, Texas, May 5.—With supplies of ammunition arriving constantly, General Villa says he is not yet ready to attack Oregon's forces although he would welcome an attack from the enemy, a message from Calientes, Mexico tonight says. Villa will await the coming of the enemy for two or perhaps three days longer and if not attacked then, he declares he will take the offensive and rush the fighting.

Advices received today indicated preparations are being made by the Carranza forces to attack Villa Thursday or Friday and said that General Oregon announced this contest will wipe out the constitutional army.

RACE DRIVER IS KILLED IN COLLISION OF CARS.

Coffeyville, Kans., May 5.—Guy Knease, of Iowa City, Iowa, automobile race driver, was killed here today in a collision of cars in the last event of the motor day program.

Knease was driving about sixty miles an hour when the cars came together. Knease was removed from the wreck and died in a hospital a few hours later. A broken shaft had pierced his right lung. The race was abandoned. The dead man was a son of H. A. Knease of Iowa City, Iowa.

JAPANESE ULTIMATUM IS EXPECTED TODAY

LEGATION NOTIFIES ALL JAPANESE
TO PREPARE TO LEAVE PEKING

London Daily Telegraph's Peking Correspondent Says He is Authorized China Will Make a Direct Appeal to England, Russia, France and United States.

BULLETIN.

TOKIO, May 6.—(9:45 a. m.)—The official Gazette today published an imperial ordinance sanctioning the application of martial law and the military requisition law on the Kwang-Tung peninsula and the South Manchuria railroad.

The Kwang-Tung peninsula is the tip of the Liao-Tung Peninsula on which Port Arthur is situated. Port Arthur which was considered one of the strongest forts of the world and of great strategic value, was taken from the Russians by the Japanese on January 1st, 1905.

The South Manchuria railway runs from Shanghai which lies to the west of Kirin, through Mukden to Dalny, with a branch line from Mukden to Antung, on the northwestern border of Korea at the mouth of Yalu river.

London, May 6.—(2:20 a. m.)—The legation here has notified all Japanese to prepare to leave the capital within twelve hours, says the Daily Telegraph's Peking correspondent. "Telegrams are pouring in from every part of China forecasting hostilities. An ultimatum by Japan is expected by the latest on Thursday."

"I learn in the highest quarters that a Chinese surrender is out of the question as the revolutionaries, who honeycomb the country, would rise immediately with an army, thus precipitating the fall of Yuan Shi Kai's government."

"I am authorized to declare that the Chinese government will make a direct appeal to Great Britain, Russia, France and the United States immediately an ultimatum is received."

The Times' Tokyo correspondent, telegraphing under date of Tuesday, says that the general feeling in Tokio is that China will submit at the last moment in view of the hopelessness of her military condition.

Deliberations Continue. Tokio, May 5.—(9:30 p. m.)—The deliberations between the Japanese officials concerning the situation between Japan and China continue. The emperor will preside tomorrow at a cabinet council. No official announcement was forthcoming today concerning the situation. A big fleet of warships is taking on supplies at Sasebo, the Japanese in the province of Shantung are concentrating at Tsing Tao and those in Manchuria are preparing to take refuge in the railway zone.

The Kokumia in its issue of today says it learns from an authoritative source that the United States is endeavoring to mediate between Japan and China and that this is one reason why the cabinet deliberations have been protected.

Does Not Mark Conclusion.

Washington, May 5.—Secretary Bryan said today that the United States had not been advised of the issuance of any Japanese ultimatum to China. As the state department is well informed on the progress of the important negotiations in Peking, this led observers to the conclusion that in all likelihood the latest Japanese note, while drastic and severe in tone, does not necessarily mark the conclusion of the negotiations.

ALLIES REPULSE ATTACK BY TURKS ON CAMP AT KRITCHIA

LONDON, May 6.—(5:25 a. m.)—The Turks considerably reinforced attacked the allies camp at Kritchka early Tuesday morning but were repulsed, leaving 1,500 dead, according to advices from Mitlenka received by the Exchange Telegraph company from its Athens correspondent.

The allies have advanced into the interior the despatch says and now occupy positions of great strategic importance. A report from Tenedos says that British warships continued yesterday their bombardment of Turkish positions in the Dardanelles and also of Smyrna.

WEATHER FORECAST AND TEMPERATURES.

WASHINGTON, May 5.—For Illinois: Showers Thursday, south, and Thursday or Thursday night in north; Friday showers.

RELATES ETHICS OF "BOSS" RULE

Roosevelt Tells of Conversations With Barnes on the Nature of the Boss

CONFERRED AT ALBANY

Swears Barnes Said Riff-Raff Could Not Be Trusted to Handle Political Affairs Without Leader

MAY RESUME STAND TODAY

Syracuse, N. Y., May 5.—The ethics of boss rule and machine politics, as Theodore Roosevelt claims William Barnes expounded them, were related by the former president upon the witness stand in the supreme court here late today. The colonel swore that Mr. Barnes had told him that the riff-raff could not be trusted to handle political affairs without a leader and had expressed himself as being in favor of the Democratic and Republican organizations combining to defeat legislation providing for direct primaries.

Relates Substance of Talks. The colonel went upon the stand at the end of a day congested with testimony about public printing and public money. He related what he alleged to be the substance of conversations he had with the former chairman of the Republican state committee over a period of from 1898 until he left the white house. He told his story with all the forcefulness at his command. In part it follows:

"Mr. Barnes and I had many conversations upon the nature of the boss and the domination of the machine."

"There was more than one conversation concerning the franchise tax bill. There were some before Payn (Louis E. Payn) was removed. In the spring of 1899. Those conversations were upon the power and the necessity for the machine under our system of party government. Generally our conversations were held in the executive mansion at Albany. We were entirely alone. Others were held in the governor's and the secretary's chamber in the executive offices at the capitol. We were entirely alone then too. Train."

"Other conversations were held in the reception room and probably other persons were there. We had one talk on a train from Albany to New York. One of the conversations was just prior to the appointment of a successor to Payn (who had been removed from the office of state superintendent of insurance). I mentioned to Mr. Barnes a conversation I had with Senator Platt. He had told me—"

An objection by Mr. Barnes' counsel to what Mr. Platt told the colonel was sustained. The colonel continued:

"Well the substance of our conversation was this: Mr. Barnes said it was necessary that the head of the organization should have complete control and he instance Albany county. He said the riff-raff could not be trusted to handle political affairs without a leader. He said they would misconduct themselves at the expense of property and that the government could not go on. He said it was not necessary for the boss to issue orders to executive officers and legislators and that they found out for themselves that if they did support the organization they would not get bills through, they would not be re-nominated and they could not secure funds with which to carry on campaigns. He said it was to the interests to find out what they should do and then do it."

"Mr. Barnes said: 'You know the senator does not bully. He does not have to.' He said it was quite sufficient to have it understood that if a man did not stand by the organization he got punished."

Roars of laughter came from the spectators, interrupting the colonel for a moment. Then the witness said: "He got punished and was eliminated." John Bowers, chief counsel for the defendant, asked him this question: "You say there were similar conversations while you were president?"

"Didn't I say that?" asked the colonel pointing to the stenographer. "Just read what I said there. Yes I thought I did."

"What else did Mr. Barnes say?" asked Mr. Bowers.

"Organization Had Control. The colonel crossed his legs and turned to face the jury. He replied: "Mr. Barnes said it was not necessary to ask business men for contributions; that they were not coerced into it. Mr. Barnes told me either at Oyster Bay or at the white house after the election of Governor Hughes, that the organization had complete control of the legislature. He said that the effort to pass the primary bill represented an effort to break down party government and that the Democratic and Republican organizations should

Disappointed.

From the New York Times.

Little Elsie, aged 5, was quietly
playing on the porch one afternoon
while her father and one of his
friends were enjoying a smoke and
having a chat on political matters.
They paid no attention to the lit-
tle girl's presence, and Elsie seem-
ingly absorbed in her dolls.

That evening Elsie appeared to
be unusually silent and thoughtful.
When bedtime came and she knelt
down to say her prayers there came
the usual petitions, and then, with
a slight pause, she resumed in a very
earnest manner:

"And now, God, please take good
care of yourself, for if anything
should happen to you we should only
have Mr. Wilson—and he hasn't
come up to father's expectations."

More Equipment Needed.

There was nothing new in the
recommendations made by Mr. Dan-
iels, of the Illinois Inspection Bu-
reau, to local citizens yesterday in
the matter of fire protection. Mr.
Daniel, however, did bring the ques-
tion before his hearers in a force-
ful way and impressed them that
there is need for immediate action
if present rates are to be main-
tained. It has been known for some
time that the equipment of the Jack-
sonville fire department was not
adequate and that in the failure to
have auto driven apparatus that
the department was falling behind
the efficiency maintained in other
cities of the same size.

Even the horse drawn chemical
engine has resulted in a great sav-
ing of property during recent years
because it could be taken to a fire
more rapidly than the engine, and
from the added fact that the use
of the chemical in extinguishing
fires does not result in the loss
which attends the use of water. With
an auto driven chemical the depart-
ment members could reach a fire
much more quickly than heretofore,
and very frequently even a minute's
time counts for hundreds of dol-
lars in property loss. The people of
Jacksonville will not consider that
money is being wasted or extrava-
gance shown if the city council
spends money for added and more
up-to-date equipment in the fire de-
partment. In the end it will mean
money saved.

An American Marine.

With the lessons of the European
war fresh in mind, a nation wide
movement to create interest in the
necessity for reestablishment of an
American marine is being inaugu-
rated by The National Marine League
of the United States. Preliminary
organization work is now being plan-
ned for the Chicago and Great Lakes
section of the country, and further
extensions of the league's activities
will be carried on throughout the na-
tion.

It is pointed out by P. H. W. Ross,
President of the League, that on the
\$2,750,000,000 export trade of the
United States predicted by Secretary
of Commerce Redfield for the fiscal
year 1914-15, approximately \$243,-
000,000 will be paid to foreign ship-
ping interests in freights, and only
about \$22,000,000 to American ship-
ping interests. On imports which
are expected to total approximately
\$1,750,000,000, more than \$155,750,-
000 additional will be paid to for-
eign shipping. In other words,
through the lack of a merchant ma-
rine American interests will pay a
freight tax for the present fiscal
year of about \$398,750,000 to for-
eign interests, cutting down any fa-
vorable trade balance to that ex-
tent. The trade balance is further
greatly reduced by mail and passen-
ger tolls to foreign ships.

Birth of the Postage Stamp.

The civilized world today pays
homage to the postage stamp, a
friend of humanity, on its 75 birth-
day. Not since the days of the dis-
covery of printing had there come
to human beings such a boon as was
launched in England on May 6,
1840, when the first postage stamps
were used. That date in history
marked the beginning of popular
communication, placing within the
reach of the poorest peasant the
means of writing to nearby and dis-
tant relatives and friends. It put
the people of the world into closer
touch, it encouraged the art of writ-
ing as no other agency had done.
But, greatest of all, it spread civi-
lization.

Millions of people who today open
their mail scarcely glance at the lit-
tle stamp that adorns the wrapper.
It but represents to them the cost
of transporting and handling by the
government. Few indeed realize
that the postage stamp is a modern
contrivance, and that its great aid
to modern life has played a re-
markable part in the world's devel-
opment during the past three quar-
ters of a century.

It was in 1840 that Rowland Hill,
an English school-master stirred all
Europe to laughter by declaring
that James Chalmers and himself
had devised a system whereby a

two-sheet letter could be sent from
London to Edinburgh for two
cents and yet leave the government
a fair profit on the transaction. At
that time the fee was 34 cents for
that distance for a two-sheet letter.
Such an idea seemed ridiculous to
the public, which had looked upon
the sending of communication as an
expensive luxury. And so the joke
went around, and the poor
laughed with the others at the idea
of any means that would place them
on a par with the aristocracy.

Hill persisted despite the ridicule.
He worked diligently on his sche-
dule, and when the time was ripe he
flushed the system on parliament
and the public.

He originated the idea of pasting
a label on every letter, to show that
the cost had been prepaid to the
government, and pointed out that
this would save the expense and
time of collecting at point of deliv-
ery, which custom was then in gen-
eral use.

The postage stamp came into use
in the United States in 1847, seven
years after Great Britain had adopt-
ed it. Five and ten cent stamps
were the first American postage
stamps, and they carried the heads
of Franklin and Washington. Four
years later the letter rate was low-
ered to three cents and in 1883 to
two cents. Before the postage stamp
was adopted the postal charges were
more moderate in the United States
than in England. Our rates were
six cents for thirty miles or less;
12 1-2 cents up to 150 miles, 18 3-4
cents up to 400 miles, and 25 cents
for every distance over that.

Hill, the discoverer of postage
stamps, was knighted and received
a gift of \$45,000 raised by public
subscription.

RELATES ETHICS OF "BOSS" RULE

(Continued from Page One.)

make a common cause against the
legislation. On another occasion he
said that people could not govern
themselves and that they had to
have bosses."

"You mentioned Democrats mak-
ing a common cause with Republi-
cans, did you mean all Democrats?"
asked Mr. Bowers.

The colonel, with a smile replied:
"I said the Democratic organiza-
tion."

"Colonel Roosevelt," said Mr.
Bowers, "I show you articles that
appeared in the New York World
in May 1913 and ask you whether
you read them prior to the time
you caused the publication of the
article complained of?"

"I did sir," replied the witness.
"Did you rely upon the state-
ments contained therein?"
"I replied upon them after mak-
ing special inquiries about them."

Read Articles to Jury.

The articles were read to the jury
after they had been inspected by
Justice William S. Andrews, presid-
ing. The first mentioned a "per-
fect understanding between the
Murphy boys and the Barnes boys
in the state assembly." It stated
that leaders in the legislature
"smiled smugly."

A Hinman was mentioned in the
article. The colonel said:

"There was no Hinman in the as-
sembly then."
In the second article the capitol
was likened to a war map, the al-
lied Barnes and Murphy forces
were mentioned as were "promoters
of invisible government" and the
"bi-partisan combination of two
machines" which had, it was said,
"defeated direct primary legislation
favored by Governor Hughes." It
was also stated in the article that
"the only orders issued today origi-
nated in Fourteenth street (Tam-
many Hall) and in 'Mr. Barnes' of-
fice."

"Now," said Mr. Bowers to the
witness, "when you wrote the ar-
ticle complained of did you have in
mind any other matter or informa-
tion than has heretofore been
brought to your attention."

"Yes," said the witness emphati-
cally.

"Did any of it relate to an ar-
rangements between the plaintiff
here and a man named McCabe, at
one time leader of the Democratic
party in Albany?"

May Resume Stand.

William Ivins being out of court
this afternoon his associates thought
it well to request an adjournment
until tomorrow when the chief
counsel would be on hand to present
arguments against those that might
be offered by Mr. Bowers. Mr. Bow-
ers announced there would be no
more direct examination unless the
witness is allowed to testify about local
conditions in the state capital. Re-
quest for an adjournment was grant-
ed. So Colonel Roosevelt undoubt-
edly will resume the stand in the
morning. Mr. Barnes himself did
not occupy his customary seat at
his counsel's table, while his oppo-
nent at law was testifying.

MOTHERS OF THIS COUNTRY

have through all ages past and will
through all years to come take care
of the ordinary simple ailments in-
cident to every family with their
own favorite remedy.

In almost every home in the land
Lydia E. Pinkham's Vegetable Com-
pound is the recognized standard
household remedy for female ills;
thousands of American women owe
their good health to it. Made from
the roots and herbs of the field,
it is a simple remedy in which suf-
fering women may place perfect con-
fidence. It contains no narcotics
or harmful drugs. Advertisement.

able. Write for literature.

FRANCIS SPAULDING HAS SPENT LONG LIFE HERE

Well Known Resident of the County
Past Eighty Years of Age—Has
Collection of Valued Relics.

Among the active octogenarians of
this city is the well known Francis
Spaulding who resides some two miles
northwest of the city. Although 81
years old he is still hale and hearty
though he says he gets out of breath
rather more easily than he used to
fifty years ago. Mr. Spaulding was
born in Royalton, Windsor county,
Vermont, March 21st, 1834. His ad-
venture into the world was hailed with
unusual snow which continued to fall
as late as June. It was the custom
with the Vermont farmers to shear
their sheep after corn planting so
as to be sure of warm weather be-
fore taking the coat from the animals
and that year they had to drive them
in and house them with the utmost
care to protect them from the cold.

Mr. Spaulding's father was an un-
usual man. Although a blacksmith
by trade and not highly educated he
was nevertheless a great student of
the blessed bible and knew almost
the whole of it by heart. He was a
member of the Christian church and
a lay preacher and he told the
writer once that during a protracted
meeting he worked at the anvil all
day and preached every night for
weeks and stood up to it all right.
The home was a great stopping place
for ministers and of all denomina-
tions and naturally they would get
more or less into discussions but Fa-
ther Spaulding could always fortify
his arguments with references to the
Bible and he didn't have to stop to
hunt them out either but could re-
peat them at will.

The family remained in Vermont
until June and then moved to New
Hampshire and remained there till
1839 and returned to Vermont and
stayed till 1841 in one place and
then sought another where the son
remained till 1856 when he came to
Illinois with the well known Amos
Woodward of Joy Prairie and work-
ed for that gentleman till 1858 on
the farm on Joy Prairie and then
went to work at the Central Hospital
for the Insane where he worked two
years and after voting in November
1860 he went back to Vermont and
remained till 1862 and then returned
to Jacksonville and went to work
again at the Insane where he remain-
ed till 1865.

In August of that year he went
to teaming and in 1866 hauled the
dressed stone, cement, sand and
lumber for the Washington public
school building and plastering and
the father of Mrs. E. S. Greenleaf
was the superintendent of the build-
ing.

Mr. Spaulding kept on teaming till
1888 when he gave it up and moved
to the farm now occupied, using the
house first west of the one in which
he now lives.

He brought out his parents and
had them live in the house in which
he now lives and there they remain-
ed till March 5, 1895 when the father
passed away almost 91 years old suf-
fering a stroke of paralysis. The
mother had contracted a cold re-
turning from the city and pneumonia
claimed her the next day and the
twain who had walked together so
long in life were buried side by side,
the mother 87 years of age.

Mr. Spaulding was first married Nov.
20, 1859 and his first wife was the
mother of three daughters living in
the west. The mother is dead.

He was again married in 1873,
and his second wife is still living.
They are the parents of three sons,
Charles of Mowequa, a farmer;
William, residing in Green county;
and a farmer, and Oliver, street
commissioner of Jacksonville. They
have also one daughter, Miss Julia
May, who lives with her parents.

All his life Mr. Spaulding has
been an admirer of horses and says
that when but two or three years old
he was happy if his mother would
place him on the buggy seat with
the lines in his hands. Nearly ev-
ery one will remember the beautiful
black stallion, Black Hawk, which
he kept so long and which was the
sire of so many excellent horses.
The animal had very superior
breeding and was doubtless as good
a horse as ever stood in the county.
Another fine horse was Wilkes
which Mr. Spaulding owned for
some time.

Mr. Spaulding has in his home a
number of old and greatly valued
articles which he prizes highly. One
is an ancient bureau belonging to
his grandmother who was married
in 1802. It is yet well preserved
and wholly serviceable. Some family
linen is well nigh a century old and
is strong and durable. Some table
cloths made of the best of linen are
almost as old as the owners. Other
quaint articles are a spinning wheel
beside which doubtless laborious
women walked many miles prepar-
ing the yarn for the family ward-
robe, and a yarn reel made by Mr.
Spaulding's father in 1849.

There is a bedspread made by dil-
igent hands sixty years ago and the
oldest article of all are some ear
button ornaments worn by ladies
many years since. Some of them
belonged to Mr. Spaulding's great,
great grandmother Hubbard and
some to his grandmother Spaulding.
The family home is well kept and
the dutiful daughter ministers to
her aged parents with kind tend-
erness. Mr. Spaulding bids fair to live
as long as his honored father was on
earth and possibly longer.

ARCHBISHOP QUIGLEY

STRICKEN.
Washington, May 5.—James Ed-
ward Quigley, Catholic archbishop
of Chicago, was stricken with an at-
tack of acute Bright's disease here
today. He was removed later to

MR. VASCONCELLOS IS STUDYING DEPARTMENT UNDER HIS CARE

New Commissioner Will Seek Best Services Possible With Light and Water Plants.

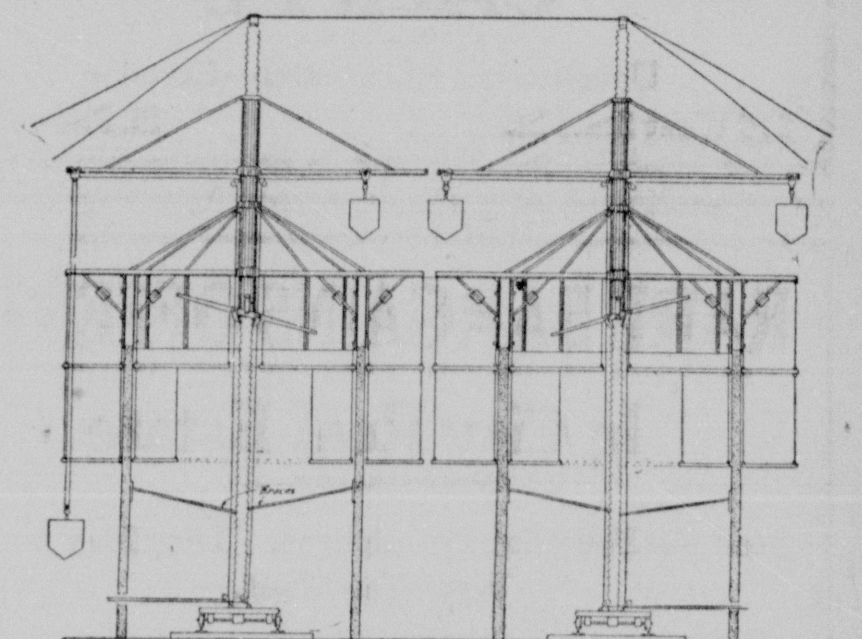

No one of the newly elected city commissioners is busier than Joshua Vasconcellos, who is as rapidly as possible familiarizing himself with the operation of the light and water departments of the city. Mr. Vasconcellos frankly confesses that he had not expected to be the head of these departments but had expected that if he was elected he would serve as head of the department of streets, since he had had experience in that work. He would have preferred from a personal standpoint to have had that department, but his colleagues believed that he was the best fitted of their number to take charge of the work of the water and light departments, and he therefore, somewhat reluctantly consented to undertake this work. Mr. Vasconcellos, while he has not been at all in touch with the city's source of water supply or the electric plant, has had a great deal of practical training in mechanical affairs, and it is believed that it will not take him long to arrive at a thorough understanding of the operation of the two plants under his direction. He has been devoting most of his attention this week to a study of the north side station, and now knows more about wells, pumps and their operation than he ever did before. He is not making any promises as to what he will or can do, but will enter earnestly into the performance of the duties of the department with the hope that during his term of office that he may add somewhat in solving the water problem for Jacksonville in a permanent way. Meanwhile, he will do everything that he thinks can be done to assure a satisfactory supply this season for all parts of the city.

BIG TRACK MEET.
W. I. H. S. L. track meet Friday, May 7th one o'clock, College track.

WITH THE SICK.

Miss Ethel Wylder, a teacher in the David Prince school has been detained at home by illness.
Mrs. Leavitt Clark of New Berlin was brought to Passavant hospital yesterday where she will undergo an operation.
Roy Scott who has been confined to his home by illness is improving.
Anna Louise Jordan, little daughter of Mr. and Mrs. L. F. Jordan who has been very ill at the family home on Sandusky street is now improving in a gratifying way.

SUSPEND POLL TAX ORDINANCE

ACTION TAKEN BY VILLAGE
BOARD OF SOUTH JACKSONVILLE.

Measure Recommended by President
J. H. Hackett in Inaugural Address—Steps Taken to Oil Streets—Various Committees Appointed by President.

One of the important measures passed at the meeting of the Village Board of South Jacksonville, held Wednesday evening was the suspension of the poll tax ordinance, as recommended by President J. H. Hackett in his inaugural address, and the appointment of the various committees for the ensuing term.

The meeting was called to order by President Hackett and roll call showed all members present. The minutes of the last meeting were read and approved. The report of the clerk and treasurer were read and referred to the finance committee. A report was heard from the canvassing board of the election held April 20 the same accepted and placed on file. All properly approved bills were ordered paid.

After adjournment was taken the meeting was again called to order and the oath of office was administered to the new officers as follows:

President—J. H. Hackett, (re-elected).

Trustees—O. B. Heintz and William Helfer (re-elected) and L. O. Berryman.

Following this President Hackett read his inaugural address which was heard with special interest and profit. His recommendation of the suspension of the poll tax for the coming year met with approval by all. He also spoke of the improvements of sidewalks, better conditions for the roads, recommending oil to be used. Riding bicycles on sidewalks also came in for a share of disapproval of the president.

A motion was made for the suspension of the poll tax ordinance for the coming year and the same was carried. The salaries of all officers were ordered paid.

The president appointed the following committees:

Finance—James McGinnis, O. B. Heintz and J. R. Baxter.

Lights—William Barr, William Helfer and L. O. Berryman.

Streets and alleys—O. B. Heintz, L. O. Berryman and J. R. Baxter.

Ordinance—J. R. Baxter, James McGinnis and William Helfer.

The president appointed Joseph Walters as pound master.

W. H. Hembrough, who declined the nomination this year for trustee, had filled the position in a most satisfactory manner.

President Hackett's Address.

The following is President Hackett's address:

To the Trustees of the Village of South Jacksonville—Gentlemen:

I take this opportunity of expressing to you, one and all, my thanks for the uniform courtesy and consideration extended to me during the past two years. I feel like saying, as did the Psalmist of old: "Behold how good and pleasant it is for brethren to dwell together in unity."

Not by word or deed has there been anything unpleasant between us so far as I am aware. I deem it fitting at the beginning of another fiscal year to call attention to a few things. First:

Sidewalks.

While I believe it to be a fact that this village has more and better sidewalks than any other village of its size in Illinois, there is something more to be done to complete the system so planned. It is manifestly unfair to those property owners who voluntarily built walks along their property, with the understanding that others would do the same, to allow these "gaps" to remain.

If the finishing up of the original plan cannot be done under the original ordinance, then another ordinance covering the delinquency should be enacted.

Your attention is called to some defective walks which the contractors are bound to make good, according to the conditions of their bonds.

Roads.

It is generally conceded that our roads are in better condition than ever before. However, it is true that the South Main street cinder road is not quite satisfactory. I doubt if it ever will be. How to keep a cinder road even and smooth is a question not yet solved here or elsewhere. Yet a cinder road is not, without the merit of being a hard road. I believe that a properly graded dirt road, kept oiled, is the best road we can have, but having a cinder road, I know of nothing else to be done with it except to keep filling the depressions with more cinders.

While it may toss the automobilist about more than its suits him, it has the merit of standing up under the two ton load of the coal hauler even in the wettest season of the year.

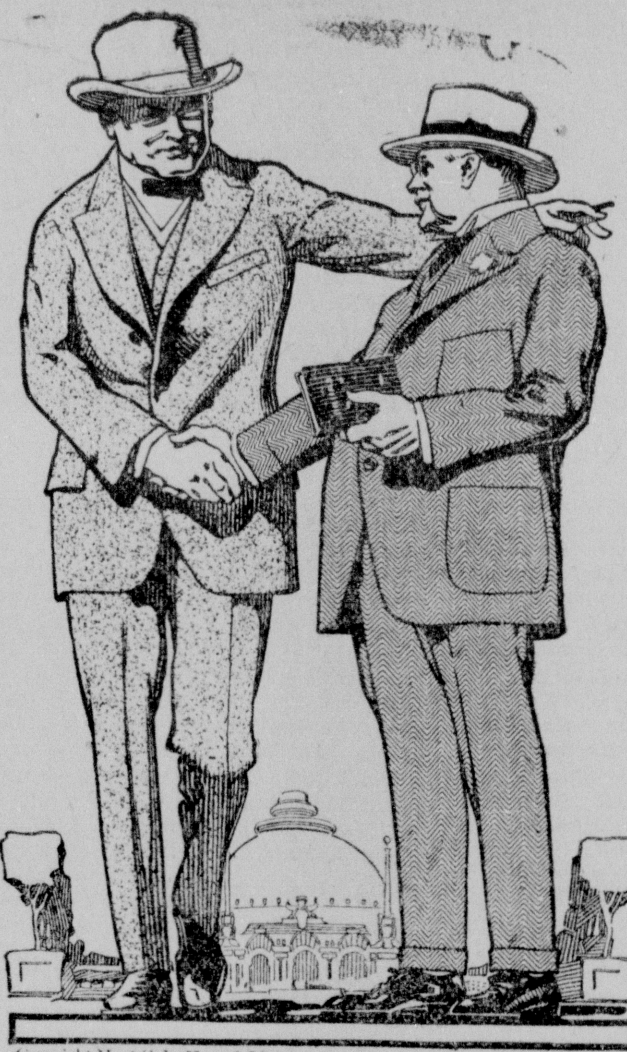

Bicycle Riding on Sidewalks.

There is an ordinance against the riding of bicycles on the sidewalks of South Jacksonville. Residents observe the law generally, but outsiders are continually violating this ordinance. Our supreme court has decided that a bicycle is a vehicle, and we build and maintain roads for vehicles, while we build and maintain sidewalks for pedestrians.

Just how to keep the bicyclist off the sidewalks is a question for your consideration. I offer for your consideration, first, more notices posted; secondly, a small reward for the names of offenders; and thirdly, the appointment of an officer of the law, with instructions to arrest and prosecute offenders.

Taxes.

In these days of big salaries and big taxes, it gives me great pleasure to say that we have neither in South Jacksonville. The salary of the village clerk is \$50 per annum, which he richly earns; while the president and trustees each get \$1.00 for each

Copyright Hart Schaffner & Marx

meeting they attend. The village owes not a dollar, in fact, the treasurer has quite a tidy sum in bank to his credit, drawing interest. That being the case I recommend such action on your part as will still lower the municipal tax, which now amounts to only 76 cents on each \$1,000 of actual valuation. Considering our financial condition, I recommend the suspension of the poll tax for the coming year.

Oiled Streets.

No public improvement is coming into vogue of late like that of oiled streets and roads. Having that in mind I suggest for your consideration the feasibility of passing an ordinance looking to the making of this improvement a municipal affair to the extent of authorizing the streets of the village oiled whenever 60 per cent of the adjacent property owners of any block petition this to be done, the expense to be borne by the property owners and taxed against their property in the same manner as other improvements, the village to pay for intersection of streets and 100 feet back on the streets so intersecting, provision being made enabling those who so desire to pay the contractor direct.

J. H. S. SENIOR PLAY.

Opera house, May 7th, 8 o'clock.

BY WAY OF CORRECTION.

In quoting Mayor Rodgers yesterday with reference to recent action taken at the Board of Education meeting the statement was made that he had not known about any of the plans outlined in the report made by the teachers' committee. This statement was incorrect. Mayor Rodgers had seen the report and had examined it in a very cursory way, but not in detail at all. He approved the report and voted for it because it had the support of a majority of the teachers' committee and he believed it represented their best thought and judgment after mature consideration.

BIG TRACK MEET.

W. I. H. S. L. track meet Friday, May 7th one o'clock, College track.

Flush Your Blood Get it Cleaned

Remarkable Remedy That Works All Through Your Body.

When you put a tablespoonful of S. S. S. into your stomach it gets straight into your blood. In less than five minutes it has become a wave of restoration, flushing wherever the blood has circulated. Does this read like magic? But it is absolutely true. Those powerful digestive juices in the stomach can not change the medicinal effect of S. S. S. The liver can not burn it. The lungs, skin and kidneys excrete it only after S. S. S. has set in motion millions of cells and nerves to throw off the countless germs that have infested every part of the body. And as S. S. S. continues to battle those troublesome pests that gather in the form of pimples, boils, eczema, acne, catarrh, rheumatism and other so-called blood disorders, it rouses into action a myriad of strange but well-understood corpuscles called leucocytes that actually devour or change or convert disease germs so they are readily and quickly cast out of the body. It is probably the best appreciated blood medicine known. You will find S. S. S. on sale in nearly every drug store in the U. S. Get a bottle today. And if your case is peculiar, write to the Medical Department, The Swift Specific Co., 105 Swift Bldg., Atlanta, Ga. It is conducted by a noted physician.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

Our Advice Is:
When you feel out of sorts from constipation, let us say that if
Rexall Orderlies
do not relieve you, see a physician, because no other home remedy will. Sold only by us, 10 cents.
Lee P. Alcott.

Harrigan Bros
First door west of Wabash freight depot.

OLD JACKSONVILLE

The Kelloggs—Second Paper

By Ensley Moore.

Member of Illinois State Historical Society.

In his history of Morgan county, Eames states that the Kelloggs came to this county in the fall of 1819. This must be a mistake. In his family history Frank E. Kellogg states that his grandfather, Elisha, came here "in the year 1818". Frank's father was Florentine E. Kellogg. This Kellogg was living in Jacksonville, at the northwest corner of Grove and Prospect streets, in 1872. At that time Andreas, Lyter & Co., of Davenport, Iowa, published a plat book of Morgan county, with history of places, illustrations of farm houses and town houses, with numerous biographical sketches. In one, of Florentine E. Kellogg, it is stated that the family arrived here in October, 1818. In another place in the plat book is a list of "our subscribers", F. E. Kellogg being among them. This list tells when the subscribers came to the county, and F. E. Kellogg is put down for 1818. As these sketches and books cost money it is not very likely Florentine E. Kellogg would have paid for a wrong statement; although it is possible one might have been made. But Frank E. Kellogg would hardly have repeated it, thirty-five years afterward.

As has already been stated, Elisha Kellogg came to this county in 1818 but he soon began to move. Referring to Florentine, Frank says: "In his boyhood days he removed with his father (Elisha) to Plum River, Ill., where they were among the very earliest white settlers, his father (Elisha) being the first man that ever took a wagon into the town of Galena." It is to be remembered that Capt. Elisha died at Plum River, Ill. (Jo Daviess county), August 24, 1842. In the plat book sketch, supposedly furnished by Florentine, it is stated that his father, Elisha, went from here to Rushville, Ill. in 1827, building the second house there. He then returned to this county and went from here to Galena in 1832.

Florentine Erwin Kellogg now becomes the head of the western Kelloggs. He was born at Batavia, N. Y., January 1, 1816, and died at Goleta, California, Oct. 1, 1889. He was married to Rebecca Jane Williams, June 11, 1837. She died in Napa Valley, Cal., June 16, 1861. Jan. 1, 1862 Mr. Kellogg married Mrs. Martha Jane Ellison. She had a son named A. Josiah Ellison, aged thirteen years. She was a daughter of Rebecca J. Kellogg's brother, Josiah Williams. She died at Goleta, Cal., Aug. 21, 1879, so she was the wife he had here. He had no children by his second wife. Mr. Kellogg again married, July 1, 1883, Miss Olivia M. Cramer, by whom he had one son, Frederick Cramer, who died Dec. 3, 1886. Mrs. Kellogg survived her husband and was living in Santa Barbara, Cal. at last accounts.

Just here it may be remarked that Frank E. Kellogg was graduated from Illinois college in 1872, and A. Josiah Ellison and Florentine Leslie Kellogg were graduated in the class of 1873. All of them were members of Sigma Pi society. Mr. Ellison died many years ago.

For some reason Frank E. Kellogg makes no mention of his father's (Florentine E.) residence here in Jacksonville. But he lived here a while perhaps to educate his children. His sketch in the plat book says Florentine came back here from California in August, 1871, "where he now resides" (1872).

Florentine Erwin Kellogg, by his first wife, had the following children: Angeline Elizabeth (Tucker), 1828-1881; Philander Elisha, 1841-1884; Rebecca Jane, 1845-1859; Francis Louisa (Campbell), 1849-1866; Franklin Erwin, 1851; Florentine Leslie, 1853; Mary Ellen, 1857-1859, and by third wife, Frederick Cramer, 1885-1886.

Florentine E. Kellogg with three brothers and a cousin went, in 1840 out into the Rocky mountains, as far as Pike's Peak, prospecting for silver, and had many narrow escapes from the Indians. In 1846, two years before the discovery of gold he went to California, with his family, there being nearly four hundred people in the whole "train." It took them seven months to make

the journey across the plains, and they just missed getting caught in a snow storm in the Sierra Nevada which caught and almost destroyed the Donner party.

Mr. Kellogg was a very strong man physically, though not very tall, and he had much self-taught mechanical experience. He was a total abstainer from tobacco and intoxicants. His religious denomination was Methodist Episcopal. He encountered many risks and dangers, but escaped them all, speaking of his trip of 2,300 miles overland, Mr. Kellogg said: "I carried one sack of corn, and had it ground at a mill in Napa Valley, Cal., this being, as I suppose, the greatest distance, that corn was ever taken to mill in a wagon. We arrived in Napa Valley, Cal., Oct. 10, 1846, thankful that we had survived the many privations and hardships of the long and perilous journey." In 1872, according to Frank E. Florentine moved to Goleta, Cal., his last earthly home.

Frank says: "Not only was Florentine Erwin Kellogg a pioneer, in regard to being an early settler on the frontiers of the west, but he was a pioneer in the matter of achievement as well." And then follows the story of Mr. Kellogg's work in business, hunting, agriculture, mechanics, mining, religion, enterprise and public spirit.

Mr. Kellogg's wife, Rebecca J. Williams, came from Welsh ancestry on her father's side, with some German blood on her mother's. Her father, Elias Williams, met Francis Jennings in old Virginia, where they were married in the year 1800. She died in 1841, aged about 61 years; he died about seventeen years later, aged about 70 years. There were nine children. The family lived first in Knoxville, Tenn., going to Indiana in 1813, and thence to Illinois. At a very early period they settled in Morgan county, Ill. in the 20s; going to Jo Daviess county, Ill., in 1835. Rebecca J. Williams Kellogg was born near Springfield, Ill., June 1, 1821. She was a sweet, loving and generous woman, her hospitality extending even to Indians.

Florentine's son, Franklin E., married Sarah Frances Foster, Aug. 15, 1827. She was born at Greenfield, Ill., her parents being Asbury Milton Foster and Mary Louisa Larimore Foster. Frank E. studied law in Hannibal, Mo., the first year after his marriage, going back to Napa Valley, Cal., in June 1873. He taught school for sixteen years. He planted a tract of land in English walnuts, the land being valued at \$150 per acre. He kept it for thirty years, and sold it in 1907 for \$1,000 per acre. He was for eleven years secretary of the Santa Barbara County Walnut Growers association. He has been a lecturer of the State Farmers Institutes. He has also run creameries.

His four sons are total abstainers from liquor, as are the husbands of his two daughters.

Florentine Leslie Kellogg married May Amelia Chamberlain, daughter of Timothy and Amanda Buckley Chamberlain, at Jacksonville, Oct. 1, 1873. Mrs. Kellogg is a grand daughter of James Buckley, the second settler with a family to locate in Morgan county, Ill.

"The attention of the reader is called to the fact that Florentine L. Kellogg's grandfather, Capt. Elisha Kellogg, was the first pioneer to settle in Morgan county, Ill. Thus is an interesting circumstance that F. L. and his wife are respectively the descendants of the two first pioneer families of Morgan county, Ill."

Florentine L., studied law, after going to Santa Barbara, Cal., with his wife in 1873, and was then admitted to the bar. He was deputy county clerk and then elected county clerk for four consecutive terms, serving sixteen years in all. Since which he has been mostly engaged in clerical work, having a beautiful home. "He is a prosperous man, and stands high in the esteem of his fellow townsmen."

This too briefly sketches the older and younger Kelloggs, who have evidently been of value to the communities in which they have dwelt, from Massachusetts to California.

appeal from Justice of the peace. Wednesday. In re Thomas Waggener, adjudged to be distracted, appeal from county court.

INJURED BY FALL.
Mrs. T. A. Ray of Virginia, who has been visiting for some weeks at the home of her daughter, Mrs. Elizabeth R. Litter at 1326 West State street, had the misfortune Monday night to make a mis-step in the dark and fall down a flight of stairs. The lady sustained some severe bruises on her side, and one of her arms was badly bruised. Mrs. Ray is nearing 70 years and will probably be confined to her bed for several days.

IN DYER'S COURT.
Joseph De Freitas, Jr., of West Lafayette avenue was arrested on a warrant sworn out by Mrs. Elizabeth Schuetz on Wednesday charging the defendant with using abusive language. When taken before Justice Dyer, De Freitas pleaded guilty to the charge and was fined \$3 and costs.

NEW STATE RULES IN FORCE AFFECTING PUBLIC HEALTH

Regulations Recently Adopted Specify Procedure in Control of Communicable Diseases—Penalty for Violation.

The new state rules for control of communicable diseases, as given in the Illinois Medical Journal for April, give the method of reporting cases, enumerate the duties of health authorities and specify the penalty for those violating the regulations. These rules regarding report, quarantine, placarding, etc., were approved and adopted Feb. 16, by the Illinois State board of health under specific authority granted by the statutes. It is laid down that "any health or other officer who fails to enforce these rules and all persons who violate them subject themselves to a fine not exceeding \$200.00 for each offense or imprisonment in the county jail not to exceed six months or both. The rules say:

1. Reports to Local Health Authorities: Every physician who treats or examines, every nurse or attendant who attends, every householder upon whose premises there resides, and every person who has knowledge of any person suffering from, or suspected to be suffering from or afflicted with any of the following diseases (hereafter referred to as "reportable diseases") must immediately report the same in writing, or by telephone followed by a written report, to the local health officer, health commissioner or chairman of the board of health, as the case may be:

Reportable Diseases, Class I.—Acute infectious poliomyelitis, Asiatic cholera, 1; bubonic plague, cerebrospinal fever, chickenpox, diphtheria, (membranous crop), lopsorsy, 3; measles, Rocky Mountain spotted fever, 3; scarlet fever (scarlatina, scarlet rash), 4; smallpox, typhus fever, whooping cough and yellow fever.

Reportable Diseases, Class II.—Actinomyces, anthrax, German measles, glanders, hookworm disease, malaria, mumps, ophthalmia neonatorum, pellagra, puerperal septicemia, rabies, streptococcus (septic), sore throat, tetanus, trichinosis, trachoma, typhoid and paratyphoid fever, and tuberculosis of any form.

If the municipality has no health officer, reports of these diseases must be made to the mayor of the village, president or to the official designated by ordinance to receive the same.

Cases occurring in territories outside of the limits of a municipality must be reported to the person designated by the rules of the township board of health to receive such reports, or if there be no such person designated by such rules, reports must be made to the supervisor of the township or to the county board of health.

Every person to whom reports of cases of reportable diseases are made shall keep a record of each case in which shall be shown date of report received, name, age, sex and residence of the patient, diseases, date when taken sick, date when case was terminated and how terminated name and address of person reporting. This record shall be open at all times to the inspection of a duly authorized representative of the State Board of Health.

2. Reports to the State Board of Health: Every person to whom reports of reportable diseases are made must forward reports of same on forms provided for the purpose, to the State Board of Health at Springfield, as follows:

Reportable diseases Class I must be reported immediately upon receipt of notification. If reported by telephone or telegraph, a written report must follow.

Reportable diseases Class II must be reported within two days after the close of the week in which notification was received.

3. Quarantine: Immediately upon receipt of a report of any reportable disease of Class I, the person receiving same, his deputy or duly authorized representative shall visit the premises upon which the case exists, affix the required warning placard in a conspicuous place at all outside entrances of the building, in case of fire, as the case may be, and shall inform a responsible inmate of such premises of the rules and regulations which must be observed during the period of quarantine.

Quarantine must be strictly observed according to the requirements set forth in the rules adopted and promulgated by the State Board of Health for the control of these diseases. (Copies of the rules governing each of the diseases of Class I can be obtained on application to the State Board of Health.)

In no instance shall quarantine be terminated without the permission of the local health authorities or the State Board of Health, and then only after full compliance with the rules.

4. Removals: No person having any reportable disease (excepting hookworm disease, malaria, ophthalmia neonatorum, rabies, trichinosis, tetanus and tuberculosis) shall be removed from the premises on which he is found when the case is diagnosed, except by permission of the local health authorities or the State Board of Health, nor shall he be removed from the municipality, township or county in which he is found when the case is diagnosed or in which he is under treatment, except by permission of the State Board of Health.

5. Disinfection: After the recovery, removal or death of any person affected with any of the diseases of Class I or with certain diseases of Class II, the infected premises, contents and inmates must be thoroughly disinfected in a manner and by a method prescribed by the State Board of Health for each of the several diseases.

Disinfection shall be performed by or under the supervision of the local health authorities or their duly authorized diseases.

PARENT-TEACHERS' MEETING

HELD IN SECOND WARD

Officers Chosen for Work of the Coming Year—Excellent Program Carried Out.

The last meeting of the year of the second ward, Lafayette school Parents-Teachers association was well attended last evening and a very enjoyable time was had. It was essentially a business session and Mrs. W. T. Wilson, president, called first for reports of officers. Mrs. Howard French, secretary, and Mrs. J. A. Munson, treasurer, read their respective reports and both showed the organization to be in good condition.

The nominating committee, Miss Elizabeth Hackman, Mrs. Richard Pyatt and Mrs. Harry Lee Hall, were then called on their report and suggested the following for officers for the ensuing year.

President—Mrs. J. W. Walton.
Vice President—Miss Agnes Paxton.
Secretary—Mrs. Lloyd Brown.
Treasurer—Mrs. J. A. Munson.
The report was unanimously received and adopted.

Next came the special program for the evening as follows:
Piano solo—Mrs. Edgar Martin.
Piano solo—Mrs. Fletcher Blackburn.
Vocal solo—Miss Esther Spoonst, Mrs. Vieira accompanying.

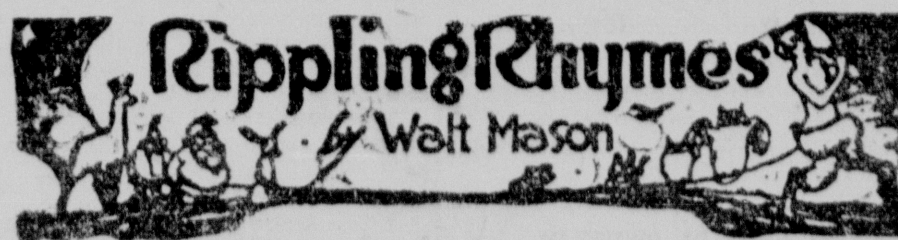

Reading, "The Circus"—Miss Jeanette Powell.
Violin solo—Miss Mabel Forrester.
Miss Alma Forsyth accompanying.
Vocal solo—Mrs. Thomas Harrier.
Miss Esther Spoonst accompanying.

A social time followed and nice refreshments were served. The entire evening was profitably and enjoyably spent and the year closes with the best of feeling and an assurance that the work of the organization is advancing.

MAN WITH THE HOE

Oh, this is the time when the man with the hoe gets out in the garden where the gooseberries grow; he weeds out the spuds and he thins out the stalks, and no one would say he was kin to the ox. You see him exulting, you hear him exclaim, "Maria, come look at this cucumber frame! The dinged beans and the marrowfat peas are growing and thriving as fine as you please! Come hither, Maria, and squint at the corn—the way it's been climbing since yesterday morn! And look at the onions, a-flourishing there—they'll take the blue ribbon this year at the fair! And then, if you watch, you will see the man go, this downtrodden mortal, the man with the hoe, to call on his neighbors and brag of his greens, his cabbage and spinach and Safety First beans. The man with the hoe, in the lands o'er the brine, may look like an ox or a sample of swine, as he drudges along in the heat of the day, for a crust and a drink and some counterfeit pay; but here in this land of the brave and the free, he bubbles with mirth and chorles with glee; he whoops and he laughs where the peasant repines and bores us with tales of his succotash vines.

The Horse

Notwithstanding the increasing uses for automobiles THE HORSE still ranks as something useful and ornamental and a necessity in nearly every business.

Why not raise horses? You are invited to call at DIAMOND GROVE STOCK FARM and see the good ones there.

PUBLIC NOTICE OF THE SALE OF REAL ESTATE.
Whereas, by her last will and testament, Nettie R. Goodrick, deceased, empowered me to sell and convey the real estate of which she died seized at public or at private sale, and,

Whereas, it will be necessary in order to carry out the directions of said will to sell the following described real estate,

Now, therefore, public notice is hereby given that at 2 o'clock p. m. on the 22d day of May, A. D., 1915, at the south door of the court house in Jacksonville, Morgan county, state of Illinois, I will sell and convey to the highest and best bidder the following described real estate, to-wit:

The interest appurtenant to the following described real estate over five (5) feet off of the east side of fifty-seven (57) feet off of the west side of lot six (6) in block sixteen (16); forty (40) feet off of the east side of said lot six (6), but subject to a right of way over five (5) feet off of the west side of said forty (40) feet, all in the City Addition to the City of Jacksonville, Morgan county, state of Illinois, upon the following terms: Cash in hand on delivery of deed.

An abstract of title as conveyed to the deceased may be inspected at my office or by attorney.

Tom H. Buckthorpe, executor of the last will and testament of Nettie R. Goodrick, deceased.

ZABEL HOLDS REDS TO FIVE SCATTERED HITS

CUBS WIN SEVENTH STRAIGHT VICTORY.

Chicagoans Field in Spectacular Fashion, Two Lightning Double Plays Being a Feature—Boston Defeats Brooklyn.

Chicago, May 5.—Zabel shutout Cincinnati and gave Chicago its seventh straight victory. He held the visitors to five scattered hits while his teammates fielded in spectacular fashion, two lightning double plays being the feature.

EXERCISE AND
GRECIAN BEAUTY.

What it Means.

Many thousands of women are now-a-days paying attention to physical culture and the proper exercise of their body muscles, where, thirty years ago or fifty years ago there was no thought expended on this science, which is quite necessary to physical beauty. The reason the Greeks, both men and women, excelled in beautiful and symmetrical forms was because of the attention they paid to the proper exercise. Then, too, they were untrammelled by corsets, shoes and the inconveniences of clothing. To the minds of some women the idea of physical exercise conveys only the idea of hard fatiguing work. Mild exercise continued day after day is best for the body and spirits and health. Without proper exercise there can be no health, and without health there can be no real beauty.

There is no stronger proof of the sound remedial value of Dr. Pierce's Favorite Prescription than that it restores the wasted form to its wonted roundness.

The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription prepared only from Nature's roots with glycerine, with no alcohol to falsely stimulate. It banishes pain, headache, backache, low spirits, hot flashes, flagging-down sensations, worry and sleeplessness surely and without loss of time.

Sick women are invited to consult Dr. Pierce, by letter, free. Address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.—Advertisement.

William Dodsworth of Litterberry was among the business callers in the city Wednesday.

DISTRICT ASSEMBLY
TO MEET IN CITYREBEKAHS WILL GATHER HERE
MAY 20 AND 21.

Caritas Lodge No. 625 Will Entertain Seventeenth Annual Rebekah Assembly of the Twenty-second District—Degree Work by Staff From Franklin Lodge.

Caritas Lodge No. 625 will entertain visitors from forty lodges Thursday and Friday, May 20 and 21, when there is convened the seventeenth annual Rebekah Assembly of the twenty-second district. The sessions will be held in I. O. O. F. hall, West State street, and Mrs. Myrtle W. Tandy, state president, will act as instructor. The local committees have preparations well in hand and indications point to a successful assembly. At the regular meeting of Caritas lodge tonight delegates will be selected for the district meeting.

Thursday forenoon will be taken up with registration of officers, delegates and visitors and the first regular session will be called to order at 1:30 o'clock. After the opening and roll call of officers there will be a reception of visitors and the state officers will be introduced. Mrs. Effie K. Bradley, president of the twenty-second district, will give the address of welcome and Mrs. Ludella Seymour, the vice president, will respond in behalf of the visitors. After the reading of minutes, the roll will be called of district officers, past presidents of district and delegates, respectively, and Mrs. Tandy will open the school of instruction. At four o'clock the assembly degree will be conferred upon past noble grands present.

Thursday evening officers of Caritas lodge will open the meeting and the report of the memorial committee will be heard. Degree work will be exemplified by the staff of Franklin Rebekah lodge No. 103, and addresses will be made by state officers in attendance.

The assembly will convene Friday morning at 9 o'clock and will open in regular form. After the reading of records of previous sessions, the place will be selected for the next annual assembly. The remainder of the session will be taken up with election of officers, reports of committees, installation of officers and good of the order reports.

MR. BECKER PLAYED IN

OLD TIME BAND

Philip Becker said yesterday that he has special reason to remember the funeral of Abraham Lincoln held May 4, 1865, as he was a member of a band which went from Jacksonville for that occasion. Mr. Becker says that he played the trombone in the Silver Cornet band, and that this organization accompanied a Masonic lodge from Jacksonville to Springfield that day. There were twenty-two members of the band and Professor Nutting was the leader at that time. Mr. Becker says that so far as known he is now the only living member of the organization. He remembers also that the band took part in the exercises when the corner stone of the state house was laid. Mr. Becker will be eighty years of age next September.

Mr. and Mrs. Frank Elliott have returned from Chicago where they have been visiting their sons for a few days.

BARBARIC ELEGANCE.

Milady Wears the Skin of
the King of the Jungle.

TIGER SKIN COAT.

Barbaric elegance is suggested by the very smart coat of tiger skin pictured. The high collar, wide belt and sloped line of the wrap are all on the most advanced lines.

Fur and velvet coats are of voluminous proportions. The long fur coat is always more interesting in appearance than the short one. And the early models, with wide, flaring skirts, often edged with a contrasting fur, are especially luxurious looking.

Some of the new evening cloaks are made of velvet or velours and are cut on very generous lines.

HARMONIOUS COLOR SCHEMES

In Working These Out a Pretty Rug Gives Charm to the Barest Room.

Every room in the house should have a color scheme, walls, hangings, furniture, carpets or rugs so harmonizing as to give a delightful and restful effect. Whatever this color scheme may be, a good rug is a crowning point of beauty, adding a charm to the barest room which nothing else can give.

Oriental rugs are most popular and wear better than any, the price varying according to size and design. And, though rather expensive, they are not out of reach of the average moderate income, for, once purchased, they will wear for years and years. Deal with a firm of good repute that can show selections of various kinds and guarantee the wear of each.

Japanese rugs can be bought in charming shades to tone with almost any color. For bedrooms they are particularly suitable, either in color combined with white or in the one color now so much in demand. The Japanese jute rugs come in handy for laying in front of washstands or for use out of doors. They are cheap, but do not wear as well, as the edges fray rather easily.

DOMESTIC SCIENCE.

To prevent a silk skirt from cracking press it all over with a hot iron before wearing it.

One of several ways of stiffening the bristles of brushes after washing is to dip them into a mixture of equal quantities of milk and water and then dry before the fire.

Always put scrubbing brushes to dry with the bristles face downward. This lengthens their lives considerably, as if dried the other way the water naturally soaks into the wood and rots the bristles.

To remove paper labels from old bottles easily wet the face of the label with water and hold it for an instant over any convenient flame. The steam formed penetrates the label at once and softens the paste.

Silk handkerchiefs should be washed in a warm lather, made with pure soap. This should be blue, as should the rinsing water. Roll up tightly in a cloth and from the handkerchiefs between linen or they will turn yellow.

Destroy the smell of paint by placing handfuls of cold water in the rooms which are being painted. Change the water night and morning, and, when possible, add a handful of hay to the water in each pail.

CENTRAL POINT.

Central Point school, 3 miles east of Woodson, and taught by Miss Edna Cox, closed a successful school year on Friday, April 30th, with an all day picnic dinner. Tables had been previously arranged on the lawn in the school yard, and at the noon hour the ladies of the district prepared and served a splendid dinner, consisting of chicken and dressing, boiled ham, salads, pickles, cake, pies and lemonade, after which was carried out to the pleasure and unexpected surprise in the way of brick ice cream and cake, all of which was much enjoyed by everyone present.

After dinner an athletic program was carried out to the pleasure and interest of all present. A contest had been going on during the school term, and the prizes were awarded as follows: In 7th and 8th grade year to Misses Helen Walsh and Gladys Megginson; in the 4th year to Miss Dorothy Rea; 3rd year to Miss Dorothy Taylor. So very satisfactory has been the teaching of Miss Cox that the directors have secured her services for the coming school year at an advance in salary.

Misses Elizabeth and Margaret Walsh were recent visitors in Murraryville.

George Winter and family and Miss Edna Cox were visitors at the pleasant home of Mr. and Mrs. John Rea Friday.

Wm. Mortimer and family were among the visitors in Jacksonville Saturday.

Miss Pearl Megginson is a guest at the home of her aunt in Jacksonville.

Mr. and Mrs. C. J. Wright and son John Edward were visitors Sunday at the home of Mr. and Mrs. William Mortimer.

Allen Russel and family spent Sunday at the home of W. G. Russell of Woodson, who is quite sick.

Mr. and Mrs. Harry Ling were visitors on Sunday, of home folks.

Mrs. George Winter and daughter and Mrs. John Rea and daughter spent a recent afternoon at the home of Mr. and Mrs. C. J. Loneragan and their new little daughter, Emily Rose.

AN OPEN LETTER.

To the members of the board of education and the citizens of Jacksonville:

I have read in the daily papers of your changes in these city schools, especially the fact that you wished to dispense with the nurse, Miss Olmsted. I for one, think there are a great many more things in our schools that cause a great expense and do not benefit the children in the least. Miss Olmsted is doing a great work for the betterment of the health of our children. She has taught the children and a great many of the parents lessons that will tend to better their health if they will only take her advice.

I would suggest we can a great deal better afford to spend less on gymnastium, basket ball, foot ball and athletic sports in general, which we all know cause quite a number of cripples and in a great many instances death.

There are a great many strong young men dying every year from injuries received while playing foot ball.

I for one, send my children to school in order that they may be taught the necessary lessons and how to care for their health instead of injure their health and train them for athletic sports.

A Citizen of the First Ward.

COMMITTED FOR BOOTLEGGING.

Sheriff Graff and Deputy George Stice arrested Pete Haxton and Mrs. Ellen Reavis on a bootlegging charge Wednesday afternoon on information secured the evening before. Mrs. Reavis was recently arrested for the same offense and a week ago was released on bond pending court action at the September term.

LINCOLN BRANCH TONIGHT.

The Lincoln Branch of the National Association for the Advancement of Colored People will meet tonight at 8 o'clock at Mt. Emory Baptist church.

ARCADIA.

Clarence Anderson and wife of Beardstown have been visiting the past week with James Gish and family.

Aunt Fannie Shields of near Union visited over Sunday with her granddaughter, Mrs. H. H. Rudsill.

Mrs. Barbara Challiner and Miss Cora Rudsill spent the week end at the home of Herbert Challiner, near Joy Prairie.

Mrs. William Murry and Mrs. Tice Crum of Litterberry visited Friday afternoon with Mrs. Newton Branner.

Mrs. J. J. Clark, Mrs. F. B. Henderson and daughter and Mrs. C. E. Clark and children were calling on Mrs. Ellis Thompson Saturday evening.

C. Z. Roach who has been visiting with his son, Ralph in St. Louis for some time has returned to the village.

L. A. Barr of Virginia visited Friday at the home of his daughter, Mrs. E. H. Thompson.

Noah Branner and family spent Thursday evening with Newton Branner and family.

ARNOLD.

Mrs. W. T. Scott entertained the Woman's Missionary society of Pisgah Presbyterian church Tuesday, April 27th. There were about forty present. It was guest day of the meeting. The following churches were represented: Asbury, Berea, Salem, Antioch, Shiloh and Durbin. After the program delicious refreshments were served by Mrs. Tindall, Mrs. Stewart, Mrs. Rawlings and Mrs. Scott.

The Morton road is now closed on account of the construction of the hard road.

Mr. and Mrs. Lloyd Magill entertained twenty-five relatives and friends Sunday. After a three course dinner, music and a social time were enjoyed. Those present were Mrs. Rubean Megginson and children, Mr. and Mrs. George Theis and children, Mr. and Mrs. Edward Reynolds and sons, Mr. and Mrs. Len Watson and daughters, and Isaac Watson, all of near Woodson.

OBSERVATION CARS.

The Denver & Rio Grande Railroad has commenced operating open-top observation cars on all day light trains through the Royal Gorge and Black Canyon of the Gunnison, which service will be continued during the summer months. These cars, without tops, afford an unobstructed view of the rugged heights of the canyons and in past seasons have been very popular with the traveling public.

MAY BREAKFAST POSTPONED.

The May breakfast of the Jacksonville Woman's club has been postponed until Saturday, May 15th, to give time for reports from the meeting of the district federation at Pittsfield.

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

COUNTRY NEWS LETTERS

MURRAYVILLE.

Miss Pearl Story returned home Friday from an extended visit with her brothers in Texas.

Charles Short and family and Willard Wessner gave their entertainment at Virden last Wednesday evening. Mrs. Short and children remained until Saturday for a visit with relatives.

The school board had a meeting last week and employed the following teachers for our school the coming year:

Principal—J. H. Dial.
High school—Mr. Clemons and Miss Bosse Hart.
Grammar Department—Miss Alma Story.

Intermediate—Miss Emma Scott.
Primary—Miss Mable Hart.
Miss Clara McHorter of Woodson spent Saturday and Sunday with her aunt, Mrs. J. C. Warner.

Mrs. Hester Greenwalt of Oklahoma is here visiting her sister, Mrs. J. T. Wild.

Miss Maye Cade of Woodson visited Miss Malinda McCarty Saturday and Sunday.

Misses Golden and Meda Blakeman have been going to Jacksonville twice a week for the past two months taking sewing lessons. They finished their course last Friday.

Mrs. Charles Greenwalt of Roodhouse spent Sunday with her daughter, Mrs. T. G. Beadles and family.

H. U. Osborne, O. N. Angelo and family and Mrs. Charlotte Aldridge made a business trip to Girard Wednesday in the former's car.

Thomas Henry was called Wednesday to the home of his brother, Robert near Clemens on account of the serious illness of his father. Mrs. Henry and daughter, Mildred spent Sunday there.

Miss Hazel Wyatt of near Woodson Sunday with her parents, Mr. and Mrs. H. M. Wyatt and family.

The Ladies Aid Society of the M. E. church are planning a Parcel Post Bazaar market and ice cream social to be held Saturday afternoon and evening, May 22nd.

Mrs. Belle McCracken of near Manchester and Mrs. Lizzie Williams of Louisiana attended the mothers day services at the M. E. church Sunday and visited their brother J. K. Cunningham and family.

Mr. and Mrs. John Blakeman of Knapp and Mrs. Mary Rimsey of Ceres were called here last week on account of the serious illness of their mother, Mrs. N. A. Blakeman. Mr. Blakeman returned home Sunday evening but his wife and Mrs. Rimsey remained to help her.

Mr. and Mrs. W. C. Napier of Griggsville visited the latter's brother, J. L. Dunnaway and family from Wednesday until Friday.

Mrs. Kelley of White Hall and Miss Gilette of Cairo were guests last Friday at the Domestic Science club at the home of Mrs. Harry Strang.

Dr. Dyer formerly of Armenia, Turkey gave a lecture in the M. E. church Sunday evening.

Miss Lula Coultas has been employed to teach the East Greasy school again next year. Joseph Hagen will teach Oak Hill and Ira Farming West Greasy.

Mr. and Mrs. Oscar Thompson of near Roodhouse spent Sunday with the former's brother, J. E. Thompson and family.

LYNNVILLE.

O. C. Coultas and sister, Mrs. J. B. Gordon went up to Alexander early Monday morning to see their sister, Mrs. Alice Kumble who is very sick.

Clark Hills and Miss Lula Story of Franklin were visiting at the home of Miss Nettie Hills over Sunday.

Otis Van Winkle was calling in our village Sunday.

Rev. A. L. Lyon went to Colorado Thursday with a view of locating.

Miss Hornback of Pittsfield talked at the Christian church Sunday morning and Tuesday night. She is surely fine and commands a large audience.

May and Coultas have moved their stock of goods across the street and are now conducting a store in the Odd Fellows building.

The fine rain that fell Sunday was greatly appreciated.

Corn planting and house cleaning are the order of the day, a few farmers having finished planting last week.

Last Sunday being rally day the M. E. church had a church dinner and a very delightful time in spite of the rainy weather.

The board of directors of the Lynnville school have employed the same teachers for another year at an advanced salary. Miss Nannie Campbell for the advanced grade and Miss Sallie McKinney for the primary grade. They taught splendid school last winter.

SINCLAIR.

Hazel Means is delivering his corn at the Fox elevator.

Mrs. Addie Fox and daughter, James Bingham and family, Carl Bour and wife and your scribe called on James Mahon, the 27th of April James rendered us some fine music on his graphophone.

K. Green and son is hanging paper

in this city.

Henry Yancy and son is loading baled straw to ship from this place. Edward Farmer had a bad misfortune this week. He was landing a young horse and in some way caught his hand in between the hame and tore the flesh from two of his fingers. Dr Taylor of Ashland was at his assistance as soon as he could be telephoned for.

We had a fine rain about 12 o'clock Sunday.

Joseph Hodgson lost a horse recently.

The Miss Mahon girls lost their old black driving mare, supposed to be colic. They feel the loss of a good friend and gave her a nice burial.

Miss Jessie Harding of Woodson is visiting for a week at the home of E. E. Fox.

N. T. Fox shipped on a load of hogs Monday.

THE UNITED STATES CREAM SEPARATOR

Holds the World's Record

Demonstration gladly given right at your home. No obligation.

A MODERN Not a "Disc" Separator

MODERN—Because not "Disc" Type.
When you buy the "United States" you get a Cream Separator with modern improvements. Separators of the disc type were originated many years ago. No recent improvements of importance have been made on them.

MODERN—Because Latest Patents.
U. S. Separators are manufactured under the most recent patents on separators that are effective. All basic "disc" separator patents are old and have expired. This accounts for the unrestricted use of this type by many manufacturers.

MODERN—Because of Vertical Blade System.
The "vertical blade" skimming device and "disc" skimming device are the two systems mostly used in cream separators. The vertical blade system, as used in U. S. Separators, completely overcomes the defects found in disc bowls. The vertical blade is the modern system, and fully protected by patents.

MODERN—Because no Central Core in Bowl.
The U. S. bowl has an open center, without cumbersome central core, split wing, or disc, on, or between which cream lodges. U. S. bowls flush perfectly.

MODERN—Because Uses Bowl Chamber Liner.
The United States Cream Separator is the first to adopt this liner. It makes the separator much easier cleaned, and is the only way to keep it strictly sanitary. It has the approval of the Board of Health.

MODERN—Because of Nickel Silver.
The use of Nickel-Silver in the U. S. skimming device makes for easy cleaning, and does away with rust, thereby meeting the requirements of sanitary laws. Steel dishes rust badly and contaminate milk and cream, and are hard to keep clean.

MODERN—Because Mechanically Washed, Sterilized and Dried.
The U. S. is the only separator adapted to mechanical washing. This process also sterilizes and dries the bowl. A mechanical washer furnished free with every U. S. Separator.

MODERN—Because Skims Nature's Way.
The U. S. is the only well known bowl that skims nature's way—cream to top, skim milk to bottom. We haven't known of anyone improving on nature. Have you?

MODERN—Because the U. S. is self-draining.
never any sloppy mess over person or floor when taking the bowl apart.

HIGHER INSURANCE RATES MAY BECOME EFFECTIVE

City Must Have Better Fire Protection if Present Rates Remain—More Equipment Suggested.

Frank R. Daniel of Chicago, an engineer representing the Illinois Inspection Bureau, affiliated with the insurance companies of the state, has been in Jacksonville investigating conditions here, and his report will recommend higher insurance rates in Jacksonville unless some changes are made. Mr. Daniel held a conference Wednesday morning at the chamber of commerce rooms with members of the city council and a number of citizens, at which he made it clear that if Jacksonville is to remain in the third class which it now holds, that some changes will be necessary in the fire equipment. He also suggested some other matters which should have serious consideration. The changes in apparatus which Mr. Daniels believes essential would cost about \$5,000 and the proposed increase in rates which would be effective if the equipment is not purchased would be from \$5,000 to \$6,000. Therefore, Mayor Rodgers and the members of the council present were impressed with the fact that either way the proposition is considered the people must pay the bill. Mr. Daniel recommends an auto combination chemical and hose wagon of a six-cylinder comparatively light type. He maintains that such an apparatus can be used much more effectively than horse drawn apparatus and maintained at a less cost.

Such a truck could be handled with four or five times the rapidity which applies to a horse drawn truck. This is the addition to the department which Mr. Daniels considers essential. He went on to say that if the city could go still further and add an auto engine to the equipment that it would probably be possible to place Jacksonville in another class with still lower rates, effectively thus saving the city several thousand dollars a year. Incidentally the visitor told the gathering of citizens that the bureau he represents considers it desirable that the fire department head and members be not changed with the advent of each administration if there has been any efficiency shown. He called attention to the fact that the fire chief, by virtue of his office, is a deputy fire marshal and has full authority to inspect all buildings.

This work he considers important, indeed, as statistics have shown that activity in this line by a fire chief makes him many more valuable in the matter of preventing fires than in extinguishing them. Mr. Daniel spoke of the north side pumping station, which he considers should be further developed, and said that in his opinion not enough money had been spent in the development of these wells and his comment was that while there was adequate pumping machinery now, that not a sufficient amount of water was being delivered to the wells. He referred also to the fire alarm system which was installed some years ago but which has not been in working order for some months. He considers this as a valuable aid in fire protection and advised that it be put into working condition. Some ordinance provisions for building construction and as to wiring were also suggested. A complete report of his views of the Jacksonville situation will be filed by Mr. Daniel with the bureau he represents. Doubtless as the result of the conference yesterday the question will have attention at the hands of the city council.

LINCOLN'S FUNERAL

Well do I remember the assassination of Lincoln. I never met him, but I have been in his monument and memorial hall in the Springfield cemetery, and also in his home in the city of Springfield. I did not attend the services in Springfield, but attended the services in Lynnville. They were held in the old brick M. E. church on Sunday, but do not remember the date. The Lynnville band furnished the music. They did not enter the church but played outside in their band wagon. At this time, the Lynnville band was one of the best in the central part of the state and was composed of the following members: John Watson, cornet; George Jameson, P. D. Meggison, played tenor and baritone; George Anderson, former postmaster, bass horn; Thomas Sturdy, bass drum (played left handed); and Percy Dickenson, tenor drum. There were other members, but I have forgotten their names. I believe Alfred Shirliff was one of them.

Lincoln could remember names of persons, as well as their faces. The late J. W. Hall once met him on the train in one of his campaigns, was introduced to him. Years after he met him again, he remembered his name, place of meeting and all particulars. I once heard his son, Robert, deliver an address in central park, and I was told he was "Old Abe" exactly.

He was a man always ready with a joke, and never got seriously out of humor. My mother once met him, shook hands with him and was much impressed with his simplicity.

The only survivor of the band who played at the services in Lynnville is John Watson, who runs a blacksmith shop in Lynnville.

David Evans, east of Jacksonville, was at one time a member of the Lynnville band and is living, but don't think he played at the memorial services for Lincoln.

J. A. Groves.

Frank Morse of Meredosia was added to the list of city arrivals yesterday.

Brief News Close to Home

R. R. Shops Re-open—The Mobile and Ohio Railroad shops at Murphysboro, which have been idle since October, have resumed operations, employing more than 300 men.

Fell Out of Window—Catherine Barbais aged 13 years, formerly of Canton, Ill., was killed in a fall from a window at the Guardian Angel Orphanage in Peoria. Her neck was broken.

Township H. S. Defeated—The proposition to build a township high school at Havana was defeated. Evidently the defeat was due to the voters from the rural districts, as the city residents largely favored the proposition.

Judge Commits Suicide—Walter J. Dolson, former Douglas county judge for eight years, shot and killed himself on the court house steps at Tuscola. He was defeated for reelection last fall and had been very despondent since that time.

War on Train Flippers—A general war on car and train flippers over the C. & A. system has been started by the special officers of the company and when it is finished not nearly so many accidents from this practice are expected to result.

Find Child's Bones—While making some repairs on a house which he recently purchased Jordan Shavers, of Fairbury, found the bones of the right leg and foot of a 7 or 8 year old child, which a doctor says are at least 35 years old. No clue to the mystery has been found.

Charged With Opium Sale—Mrs. Julia Dixon was arrested at Danville by a deputy United States marshal on the charge of violating the Harrison drug law. It is alleged she sold opium to dope fiends in Springfield. She is said to be the first person in Illinois, outside of Chicago to be arrested under the new law.

Packer Cudabay's Will—The will of the late meat packer and grain man, John Cudabay, filed for probate in Chicago, leaves the entire estate to the widow and four children. The instrument does not mention the value of the estate but counsel for the estate estimated it at \$1,500,000.

Struck by Train—W. B. Baldwin, aged resident of Ashland, was seriously injured when he was struck by a freight train. Mr. Baldwin suffered a deep gash in the head and severe bruises about the shoulders and back. Owing to his age it is feared that his injuries may prove fatal.

Druggist Arrested—David Coon, a druggist was the first Springfield pharmacist to be arrested on a charge of violating the sheriff's recent order, when he was taken on a state warrant charging that whiskey was sold at the place without a license for other than purposes as prescribed by the state statute.

Magill Re-elected—Hugh S. Magill Jr. was elected city superintendent of schools, Springfield at a meeting of the board of education Mr. Magill's election was by unanimous vote. John S. Friedmeyer, the newly elected member of the board who a week ago held up the election of Mr. Magill, voted for the city superintendent.

WOODSON.

Miss Mabel Zenor of Peoria is visiting her friend, Miss Lulu Casten.

Mr. and Mrs. P. M. Henry returned home last Thursday from Hot Springs, Ark. where they have spent several weeks for the benefit of Mr. Henry's health. He is somewhat improved but still remains poorly.

Mrs. Julia McAllister left Monday for Polson, Montana where she will make an extended visit with Mr. and Mrs. George White.

C. C. Self made a trip to Bloomington, Monday.

Geo. Brogdon had the misfortune to run a nail in his foot recently. Dr. R. R. Jones dressed the wound and he is doing as well as could be expected.

Friends of Mrs. R. R. Haley will be sorry to learn of her death which occurred at her home in Enid, Okla. on Friday last week. She was formerly a resident of this place.

John Vasey is reported very ill. The C. W. B. M. of the Christian church will meet with Mrs. J. T. Self Friday afternoon.

Dr. G. W. Miller received word last week of the death of his brother-in-law, John Nicol, of Winfield, Kansas. His wife died the 11th of March last.

Mr. and Mrs. T. M. Whitlock and family attended a birthday anniversary at the home of Fred Ruyte last Sunday, it being the 66th birthday of the former's mother, Mrs. J. A. Whitlock. About 25 guests were present and all enjoyed a fine dinner and pleasant day.

Miss May Cade spent Saturday evening and Sunday with friends in Murrayville.

Mrs. Wm. Adams has gone to Hamlin, Kansas where she expects to reside. She was accompanied by her son, Jake Brittenstein, of that place who had been called here to attend the funeral of his father, Wm. Brittenstein, of Nortonville.

Wm. Adams also expects to leave shortly. He was detained a few days on account of business.

W. G. Russel has not been well the past week.

Illinois Dentists to Meet—The Illinois Dental society will meet in annual convention on May 11, the gathering continuing in session for four days. A feature of the convention will be the inauguration of the past president's dinner, which will be given for the first time at the Peoria meeting, to all former executives of the society.

Low Fire Loss—Kankakee's fire loss for 1914 was \$6,745. The loss is the lowest in the state for cities with a population of 15,000 or more, the next lowest being Freeport which was \$8,607. Twenty Illinois cities decreased their fire losses, while Waukegan, Joliet, Galesburg, Evanston and Decatur showed heavy increases.

Four Brothers in War—Joseph Smith of Rockford has four brothers in the British army and three of them are now actively engaged in the campaign on the continent. The fourth is at the family home in Woolverhampton, Staffordshire, recovering from a bullet wound, the details of which the Rockford man has not yet received.

Bolt Burns Paper in Hand—A terrific crash of lightning struck the Shumway building at Taylorville and knocked the plaster in spots off the flats of Mr. and Mrs. R. H. Smith in the building and tore off a strip of casing in the Guy Bell flat. The lightning played over the arm of Mrs. Bell, wife of Guy Bell, and burned the newspaper which she was reading.

Warning to Fisherman—A special warning that no fish of any kind caught in Illinois waters during the months of May and June has just been issued by state officials. Violation of this law, which is included in section 44 of the fish laws, will be vigorously prosecuted by the fish commission. The warning is given so that possible violators cannot plead ignorance of the law.

Found Dead in Launch—James T. McCausland, aged 61, was found dead in a launch near the Lacey drainage station by Hobart Deves. McCausland evidently had died from apoplexy. His wife and one daughter survive. Deputy Coroner Jacobsen held the inquest and a verdict of death due to heart disease was given. The launch was floating down stream when found, near Havana.

Law on Marriage—A person married in Missouri less than a year after having been divorced in Illinois, is legally married in every state of the Union except Illinois. This was the ruling of Prosecuting Attorney Ralph of St. Louis county, when Earl C. Little and his wife, of Champaign, Ill., who were married at Champaign, April 2, 1914, returned a few days ago and asked to be married again.

Has Large Family—When friends of Mrs. Anton Kwannickie of Lemont, read that Mrs. Otto Shuck, of Durkee, Oregon, had given birth to her fifteenth child, in a hospital at Baker, Oregon, they refused to award the palm to the western woman. These facts were reported to the Joliet Herald: Mrs. Kwannickie is 41 years old.

She has given birth to 17 children—10 boys and 7 girls. The oldest living child is 22 years old.

Mrs. Leonard McKean and son Russell of Toulon are here for a visit with her parents, Mr. and Mrs. W. G. Russel.

Mrs. Cornelius Doyle of Bluffs was a caller on some of her Jacksonville friends yesterday.

Social Activities

Birthday Party for
Miss Caroline Doane.

A flower party was given Wednesday afternoon by Mrs. L. S. Doane, 306 Grove street, in honor of her daughter, Miss Caroline, who that day observed her ninth anniversary. The hours were from four till six and the floral idea was carried out in games and refreshments. Miss Ione Kuechler assisted. Mrs. Doane and an excellent afternoon was enjoyed by each of the thirty-three guests.

The guests were Frances Hearn, Virginia Wharton, Lois Harnoy, Portia Brockman, Mary Ethel Hamilton, Mary Edith Baumgardner, Mary Louise Wintler, Maurine Bradley, Etal Cornick, Margaret Fay Hopper, Dorothy Walls, Florence Rockwood, Mary Janet Capps, Edith Putman, Helen Cleary, Catherine Wilson, Helen Walton, Bettie Black, Abbie Lee Young, Laura Young, Mary Louise Roberts, George Adams, Marion Parker, Clarence Boruff, Frederick Noyes, Edward Cleary, John Putman, William Wilson, Gerald Stein, Henry Irving, Edward Young, Ernest Olds and Harold Cooper.

G. T. S. Club Holds
Last Meeting of Year.

Miss Ethel Thomason entertained the members of the G. T. S. club at her home west of Markham Wednesday afternoon, it being the last meeting of the year. The past months have been very profitably spent by the young ladies in sewing and in their bird study under the direction of Miss Henrietta Clark. A delightful two course luncheon was served and a social hour spent after the business session.

The officers elected for the ensuing year are: President—Mrs. Lewis Watt. Vice president—Mrs. R. H. Blimling. Secretary—Miss Lois Paschall. Page—Miss Ethel Thomason. Reporter—Miss May Sargeant. The following members were present: Miss Margaret Wolfe, Mae Paschall, Myrtle Paschall, Lois Paschall, Ethel Thomason, May Sargeant, Henrietta Clark, Mrs. R. G. Blimling, Mrs. Lewis Watt.

JEFFRIES CONCERT BAND
HEARD IN CLOSING PROGRAMAppreciative Audience Attends
Superb Entertainment by Local Musical Organization. — Miss Louise D. Miller Soprano.

The closing concert of the Jeffries concert band was given last night at the Grand Opera House before an appreciative audience. Two much praise cannot be given Mr. Jeffries and his players for the excellent program they presented last night. The members have been working hard in preparation for the closing concert and it was a pleasure to note the musicianship evidenced last night. The program called for some difficult interpretations but they were happily met and the audience called for a number of encores. Miss Louise D. Miller acted as soloist and she sang in a charming manner two groups of songs being recalled for encores. Miss Miller never fails to please wherever she appears. Her accompanist was Miss Jean Demuth. J. Bart Johnson was heard in a Euphonium solo "Good-Bye" by Tosti, which was finely rendered.

The following was the program: March—"Sempere Fidelis".....Souza Symphonic No. 8 (The Unfinished).....Schubert

Allegro Moderato
Andante Con Moto
Waltz for Soprano—"Carmena".....Wilson
Miss Miller.
An Intermezzo—"The Wedding of the Rose".....Jessel
Euphonium Solo—"Good Bye".....Tosti
Mr. Johnson.

WINCHESTER

The Household Science club held their annual indoor picnic Tuesday evening in the roomy entertainment hall of the Christian church and an excellent time was enjoyed by the sixty members and guests. Brief toasts were given by various of the members at the conclusion of the dinner. On the committee, were Mrs. James Edmondson and Misses Louise Frost, Henrietta Hainsfurther, Caroline McLaughlin and Mary Higgins.

The juniors of the high school entertained the seniors Wednesday evening at the home of Miss Madeleine Hainsfurther, a member of the junior class. A pleasant season of games and contests was terminated by the serving of refreshments to

Entertains Seniors
of Woman's College.

The members of the senior class of the Woman's college were entertained Monday afternoon by Miss Audrey Berryman and Miss Lucille Reinbach at the home of Miss Berryman on the Vandalla road. It was a porch and croquet party and a picnic luncheon was served on the lawn and a social time spent in the evening. There are eleven members of the senior class and others connected with the college present included Miss Mothershead, Miss Neville, Miss Mary Anderson, Miss Hennie Anderson, Miss Cowgill Miss Johnston and Mrs. Lula Reinbach, mother of Miss Lucille Reinbach.

Ladies Aid
Society Meets.

The Ladies Aid society of the Church of Our Savior met Wednesday afternoon at the home of Mrs. Kittering. There were a large number of ladies in attendance. After the usual business a social time was enjoyed. Prizes were won by Mrs. John Suiter, Mrs. L. F. O'Donnell and Mrs. Oliver Cain. The ladies adjourned to meet at the home of Mrs. Robert Clifford on May 26th.

Picnic in Woods by
Woodson School Pupils.

The four grades of the Woodson school under the supervision of Miss Lula Casteen enjoyed a picnic luncheon Wednesday in the Shepherd woods northeast of Woodson. The pupils were taken there through the kindness of George Morrow. Various games were played, fishing enjoyed and it was indeed a merry party. Miss Casteen has taught a very successful school this year and she has been hired for the coming year, which will make her fifth year there. The pupils to enjoy the outing were: Hazel Ezard, Zora Shelton, Bess Cunningham, Hazel Sullivan, Adelaide Vasey, Martha Adams, Sarah James Megginson, Jewell Coleman, Pearl Adams, Stella McCurley Mae Cade, Howard Nicol, Eugene Steinmetz, Ralph Albert, and Randolph Kehl, Clarence Marrow, Douseand Megginson, Gordon Henry and Leo Sullivan.

which all gave due attention.

The eighth birthday of John Dugan, Jr., was the occasion Wednesday evening of a pleasant party at the home of the boy's parents, Mr. and Mrs. John Dugan.

Dr. James Miner, who for several weeks has been confined to his home by illness is considerably improved.

Frank Hicks of Roodhouse is here for a visit with relatives. Mrs. Samuel Berry is ill at her home in Winchester.

Mrs. Allen Watson of Minneapolis, Minn., is here for a visit with her father, Charles B. Hubbard. Mrs. Sol Hainsfurther arrived in Winchester Tuesday after a visit with relatives in Chicago.

Dr. and Mrs. J. C. Agnew, Mrs. Eva Young and Mr. and Mrs. Adams were visitors here from Glasgow Wednesday.

Who's in town?

ATTENDED CONCERT.
Carl Ritter, William Gregory, Misses Beulah Hatfield and Miss Nieman drove to Jacksonville last night from Naples in Mr. Ritter's McIntire automobile to attend the concert of the Jeffries band.

WORK OF PUBLIC HEALTH NURSE SUBJECT OF INSPECTION TOUR

Mayor Rodgers and Party Give Attention to Open Air School and Public Health Work as Carried Out in the Grades.

Mayor H. J. Rodgers, Supt. Chas. E. Collins, Miss Katherine Olmsted and Miss Ella Phillips Crandall of New York formed a party which visited the open air school and the Jefferson school yesterday afternoon and listened to explanation of how tuberculosis children are cared for and taught and the work of the community nurse in the graded schools of the city. Mr. Rodgers took the party in his automobile, going first to the open air school and thence to the first ward building. Miss Crandall is in Jacksonville for a brief stay in the course of a trip across the continent. She is executive secretary of the national organization for public health nursing and is ranked among public health authorities the country over.

The vegetable and flower garden was especially noticed on arrival of the visitors at the open air school. Miss Crandall suggested that the project is certainly a step in the right direction and Miss Hammond, the teacher, told of further plans for improving the garden and of how great a benefit it has been to the children. "There is nothing more pleasing than to watch a school garden grow," said the New York nurse in referring to her experience with them in other places. "The time will come when perfectly normal children will do their study in open air schools," she further stated.

Every room upstairs and down in the clinic building is utilized and in the second story are the kitchen and dining room. The kitchen has recently been fitted with a gas range and a fireless cooker which is soon to be added will be a welcome improvement for warmer weather. Dinner was served the pupils from the first and a light morning meal was added before long as it was found that the children would come to school often without breakfast. Cocoa, graham crackers and milk, etc., are staples for the morning meal but at noon a substantial menu is employed. The dinner Wednesday, for instance, consisted of roast beef, potatoes, dressing, bread and butter, fruit and cambric tea. When the clinic was started but one room was used, but with continued growth and the addition of the open air school, the whole building has been absorbed.

Next to the waiting room downstairs are quarters for the cook, upon the labors of whom depends much in making each day a success. This room was formerly used by the dentists, when giving their voluntary service but that plan was found incon-

venient and pupils needing attention and unable to pay are treated in the dentists' offices at stated times. In the waiting room are placed the loan chests and here were shown the clean sheets and pillow cases and warm blankets which have done so much for the aid of worthy distressed persons.

Watching Themselves Grow.
A complete record is kept of each individual and so complete are these that it is possible for the children literally to watch themselves grow. Each child has a chart and if the curve of improvement shows a slump, inquiry is made to find the cause. So well is condition shown by weight that in looking over a chart, the days of absence or of any infestation in eating or other health rule violation, may be seen from the way in which the curve jogs back.

Not the least benefit derived from the school is the real "home missionary" work which each child does. It was pointed out that many homes in which complete ignorance of health rules prevailed, children and parents sleep with windows open. A pupil gets in the habit of using the tooth brush and soon another is demanded for the younger brother at home. The children in fact are the real teachers. The lessons thrust home in the school and spread for the better health of families and neighborhood and parents listen to children who would give not heed to advice direct.

The car has all the improvements which give distinction to the Hup, including the famous Westinghouse starter. The car is finished in Hupmobile blue with maroon wheels.

WESTMINSTER HAD ANNUAL BUSINESS SESSION WEDNESDAY

Reports of a Satisfactory Character Presented From All Departments—Year Has Been One of Great Activity—Committee on Supply Appointed.

The annual meeting of the members of Westminster church was held Wednesday night with a goodly number present. Rev. W. J. Rainey of Orleans under direction of the Presbytery served as moderator. Reports were presented from all departments of the church and indicated the past year has been one of activity. The contributions to missions and to other causes have been very liberal and in this regard the church has few equals in the Presbytery. A permanent committee on supply was made and it is the intention within a comparatively short time to begin the work of seeking a pastor to take the place made vacant by the resignation of Rev. L. H. Davis.

After the devotional exercises conducted by Rev. Mr. Rainey the reports, all of an encouraging character, were presented by the following:

Woman's Foreign Missionary Society—Mrs. R. R. Stevenson.

Woman's Home Missionary Society—Mrs. Ensley Moore.

The Guild—Miss Annette Moore.

Mission Band—Miss Jessie Holmes.

Aid Society—Mrs. Frances Kitzer. Sunday School—Mrs. G. C. Guhrle.

The Deacons—Prof. C. Spruit. The Session—W. T. Brown.

Mr. Ensley Moore presented the necrology for the past year in mentioning in appropriate terms the deaths of Mrs. Katie Franz, G. S. Russel, Miss Helen T. Laurie, John Slaten and Mrs. S. G. Beesley.

The following were re-elected to the offices indicated:

Elders—Messrs. Ensley Moore, W. T. Brown and Frank Robertson.

Deacon—C. B. Massey.

Trustees—John A. Ayers, Frank Elliott, Andrew Russel, Henry S. Stevenson, John R. Robertson, W. J. Brady and J. W. Walton.

For the committee on supply the session elected Dr. C. H. Rammelkamp, Ensley Moore and W. T. Brown; the trustees Frank Elliott and the church at large W. J. Brady.

There was some discussion of financial affairs and after the closing prayer by Dr. C. H. Rammelkamp, all went from the lecture room to the parlors of the church where excellent refreshments were served by the Ladies Aid society.

Mr. Moore in his necrology paid "Westminster's tribute" to George Scott Russel in the following well chosen words:

Tribute to Mr. Russel.
It scarcely seems possible that Scott Russel has gone out from Westminster, he was the "grand old man" of the church so long. Grand in his hearty kindness, grand in his splendid financial generosity and grand in his unswerving fidelity to the church of which he became a charter member in May, 1860.

"I served with him on the Board of Trustees thirty-two years, but he had served about eight years before I began and he served about as many more after I ceased to be a trustee. I could talk half the night doing justice to him individually and as a member of this organization.

"Westminster hardly seems itself without Mr. Russel.

"He was the son of Dr. and Mrs. Andrew Russel, and was born at Whiteclough, Crawfordjohn, Lanarkshire, Scotland, Jan. 11, 1828. In 1832 his parents moved to Rotherham, Isle of Bute, where they remained two years, then came to the United States in 1834, spending six weeks in sailing over. They landed at New York, and came on out to the vicinity of Woodson, this county, where Dr. Russel took a great farm. The family remained on the farm until 1854, when Dr. Russel moved into his residence in this city now occupied by his grandson and namesake, State Treasurer Andrew Russel. G. S. Russel had come to town the year before to engage in the lumber business, which was conducted for over fifty years, under the firm name of J. S. & G. S. Russel, their yard being on the east side of North Main street, just south of the Wabash tracks. They did a great business, from which G. S. Russel retired in 1904. He was in poor health for several years before his death, July 28, 1914.

"He was married Dec. 19, 1861 to Miss Frances A. Moore, daughter of Mr. and Mrs. J. K. Moore of Griggsville, this state. Mr. and Mrs. Russel were the parents of Annie Moore, wife of J. Frank Strawn; Andrew Scott, who died in childhood; George Moore; Helen, wife of Geo. L. Merrill; John Hamilton and Mary, wife of R. N. Badenoch of Chicago. Mrs. Russel died in 1879.

Mr. Russel was married in 1880 to Miss Martha J. Dearborn, daughter of Mr. and Mrs. Jonathan Dearborn, of Mt. Sterling, Ill., and she was his faithful companion to the last, and survived him.

With both wives the door of Scott Russel's home stood open to their friends in the amplest hospitality.

"The story of Mr. Russel's life was full of interest, of enterprise and of generosity, but time and space forbid telling all the story.

"A 'prince in Israel' was laid in Scott Russel's grave in Diamond Grove cemetery."

J. H. S. SENIOR PLAY.
Opera house, May 7th, 8 o'clock.

REAL ESTATE TRANSFERS.
Mary E. Riggs et al. by master in chancery, to Mary Riggs lot 25 Buckingham & Sharp's addition, \$535.
